The scope of work for this contractor is limited to the installation and attachment of all types of windows and glass, the installation of swinging or sliding glass doors to the existing walls, floors, columns, or other structural members of the building, the installation of glass holding or supporting mullions or horizontal bars which are attached to existing building walls, floors, columns, or other structural members of the building, and the cutting and installation of glass and mirrors. This license also allows installation of prefabricated glass, metal or plastic curtain walls and panels, caulking incidental to such work and assembly, and installation of shower and tub enclosures and metal fascias.

2023 Virginia PSI Painting and Wall Covering Contracting Exam Prep Brown Technical

Publications Inc

The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..
