The Golden Age of MTV Through Rose-Colored Glasses Tyndale House Publishers, Inc.

A revised and expanded edition of the landmark,

ravishing history of New York City-the companion volume to the acclaimed PBS series-that begins in 1624 and brings its 400-year-long story up to the current moment. This edition of the biography of this great and ever-evolving city includes two new chapters that deliver a sweeping portrait of New York since September 11, 2001. Here is the city at the dawn of the

21st century, having emerged from decades of decline to assert its place at the very center of a new globalized culture. Yet, here too is a city challenged-indeed, sometimes shaken to its core-by a series of profound crises- the aftermath of 9/11, the continual struggle with racial injustice, the financial crisis of 2008, the devastation of Superstorm Sandy, the still unfolding cataclysm of the COVID-19 pandemic. Also brought up to date in the new chapters is the lively portrait of the city's vibrant street life and culture- the birth of hip-hop in the South Bronx, Christo and Jeanne-Claude's Gates in Central Park, the celebrated Broadway musicals and songs, the explosion in location filmmaking, the pivotal rise of the tech industry, and so much more.

The history of this city- especially in the tumultuous and transformative two decades covered by the new chapters-is an epic story of rebirth and growth, of dramatic physical and economic change and exploding cultural energy, intertwined with staggering episodes of catastrophe and challenge. It is the story of an incomparable place, told in an incomparable book.

Kennedy's off-the-wall memoir reliving the pop music and the madness as an MTV VJ in the 1990s "I am Kennedy from MTV, and no matter where I go someone has a story to tell me about the time we grew up together." Known to millions simply by her middle name, Kennedy helped bring the cutting edge of culture into our living rooms during the 1990s through her outrageous segments as an MTV VJ, host of *Alternative Nation*, and on-the-spot correspondent for MTV News. She interviewed everyone from fame-averse Seattle rock musicians to vapid celebrities and politicians, asking the taboo questions no one else would as she navigated between true artists and phony poseurs. In *The Kennedy Chronicles*, she gives us a backstage pass at the last golden years of the cable network that defined a generation. As only Kennedy can, she takes us back to unforgettable moments such as Nirvana's seminal performance on MTV *Unplugged*, the unbridled

bacchanalia of the MTV Beach House and Woodstock '94 festival, and the game-changing "Rock the Vote" campaign. We read of priceless moments—on and off set—with such performers as Bjork, Pearl Jam, Weezer, No Doubt, Nine Inch Nails, Radiohead, Oasis, and the Red Hot Chili Peppers. And Kennedy dishes on behind-the-scenes antics with MTV colleagues including Jon Stewart, Bill Bellamy, Kurt Loder, and Tabitha Soren. Straddling the line between witness and participant, Kennedy recounts a blitz of surreal encounters: Dragging Stewart to a strip club. Getting naked with Jenny McCarthy. Playing dice on the men's room floor with Michael Jordan. Wrestling with Trent Reznor. Taking "Puck" Rainey from *The Real World* to church—and living to regret it. Making out in a coffin with Dave Navarro. Dodging calls from Courtney Love. Serving as John Rzeznik's muse for the Goo Goo Dolls hit song "Name." And there was that...incident...with New York Mayor Rudy Giuliani at the Video Music Awards. Finally,

Kennedy intersperses her riotous narrative with priceless, candid interviews with Navarro, Henry Rollins, Billy Corgan, Pat Smear of Nirvana, Matt Cameron of Soundgarden and Pearl Jam, former VJ John Sencio, and more. In her characteristically edgy and irreverent voice, Kennedy delivers a juicy and revealing narrative perfect for Gen X and beyond—and for anyone who wants to know what really went on at MTV.

When critics decry the current state of our public discourse, one reliably easy target is television news. It ' s too dumbed-down, they say; it ' s no longer news but entertainment, celebrity-obsessed and vapid. The critics may be right. But, as Charles L. Ponce de Leon explains in *That ' s the Way It Is*, TV news has always walked a fine line between hard news and fluff. The familiar story of decline fails to acknowledge real changes in the media and Americans ' news-consuming habits, while also harking back to a golden age that, on closer examination, is revealed to be not so golden after all. Ponce de Leon traces the entire history of televised news, from the household names of the late 1940s and early ' 50s, like Eric Severeid, Edward R. Murrow, and Walter Cronkite, through the rise of cable, the political power of Fox News, and the satirical punch of Colbert and Stewart. He shows us an industry forever in transition, where newsmagazines and celebrity profiles vie with political news and serious investigations. The need for ratings success—and the lighter, human interest stories that can help bring it—Ponce de Leon makes clear, has always sat uneasily alongside a real desire to report hard news. Highlighting the contradictions and paradoxes at the heart of TV news, and

telling a story rich in familiar figures and fascinating anecdotes, *That ' s the Way It Is* will be the definitive account of how television has showed us our history as it happens.
