economic hardship. Pieter Hugo documents the intense and incredibly colorful world of Nollywood from an unusual angle. His images are staged representations of Nigerian film sets, featuring local actors who recreate themes and characters from Nollywood films - young men in military fatigues; witch doctors, healers and saints; hunters with their kill; prostitutes in their rooms. The result is a series of surreal tableaux rooted in local symbolic imagery. Accompanying the photographs are texts by Chris Abani, whose short fiction piece captures the chaos

of the filmmaking process, and an essay by Zina Saro-Wiwa on Nollywood's explosive growth and what it means to Nigerians. Presented in a simple and restrained format, Hugo's photographs aims to reveal a little-known phenomenon to a wider Audience. **The Black Leather Jacket** Veloce Publishing Ltd Exhibition catalog for the 2018 Motorcycle Arts Foundation exhibit 'Custom Revolution', of 21st Century custom motorcycles, at the Petersen Automotive Museum in Los Angeles. River Conway is a 29-year-old aspiring singer and actor whose dreams have been sidelined. After he and his girlfriend, Alana, graduated from New York University's Tisch School of the Arts, they moved to Arizona to care for her ailing father. Seven long years later, they're still there; River is working a dead-end job and worries that it's too late for him to break into the entertainment industry. Alana donates \$10,000 to her celebrity crush's crowdfunding campaign, and she and River are invited to his party in LA. There, River is inspired to launch a campaign of his own. Although his mother always told him that

he was born for greatness ("Why else would an honest, salt of the earth, lower middle class couple from Who Cares, Ohio, name their son River?"), he decides to start "Save an A\$\$hole," asking donors to help him leave behind a lifestyle that they wouldn't want to live themselves. Soon, River has second thoughts and deletes the campaign, but then Alana surprisingly offers to move to LA with him. In Hollywood, her rapid-fire networking lands her a role on a sitcom, and River resorts to relaunching his crowdfund concept. He's soon contacted by a TV comedy channel that wants to film the last days of the campaign as a telethon. River

agrees, and the resulting media sensation and scathing headlines ("Douchebag Becomes Millionaire For No Reason, Nation Weeps") lead to an exploitative reality show that takes him down an uncertain path. *The Catalogue Raisonne* Simon and Schuster Indian Motorcycle recounts the full story of the iconic American brand whose history dates back 120 years to its founding in 1901. across the screen in *The Wild One*, the jacket's mixture of animal magnetism, brooding menace, and sexual provocation has made it a must-have for hipsters, rebels, and fashionistas. This entertaining book chronicles the leather jacket from its roots among World War I flying aces to its present incarnation in high fashion. Along the way, it shows how every generation and subculture -- including the Hell's Angels, beats, punks, movie stars, counterculturists, and fetishists -- has made the leather jacket its own. Ton Up! A Century of Café Racers—fast motorcycles customized to resemble the racing bikes of the period. They were called “café racers” because their riders raced on public roads, from one café to the next. The goal was to do “the ton” (exceed 100 miles per hour) on these runs, which led to their designation as “ton-up boys.” Today, ton-up culture is more popular than ever and recognized worldwide with a following of young and long-time riders alike.

Ton Up!, enjoy a scenic ride through the history of this vibrant scene. Harley-Davidson Motorcycles Harper Collins Authentic tales of early 60s teenage motorcycling, daring dynamism and all the surrounding capers and comedy. Vividly told with all the passion and humour of the day. A historic document on the epoch, chronicling the emergence of the Mods, the coining of the word 'Rocker' the rapidly evolving post war youth culture. This story of a young crowd hanging out in a cafe in Morden, South London, on

the edge of a vast council estate, is illustrated with many photographs of the bikes and the cafe, fun and games on seaside adventures, racing in the streets of London, scorching down the By-passes at 100mph plus and general posing. It spans the years, 1960-63 which was a time before there were too many rules. A kid could buy a 650 motorcycle at 16, tie on some 'L' plates and blast off down the highway with fire in his belly and the breeze of glory in his hair.

How to Build a Motorcycle leads you through all the key stages - from initially finding the right project for your skill level, to sourcing a base bike and safely taking on some full-on bike-building tasks. With clear, easy-to-follow instructions, proper advice and specially commissioned step-by-step illustrations throughout it is an ideal aid to getting your hands oily. Written by Gary Inman, the co-founder of independent motorcycle magazine Sideburn, and illustrated by Adi Gilbert who is best known for his bicycle

and motorcycle drawings whose clients include Harley-Davidson, Guy Martin, Wired magazine, Sideburn magazine and Nike, this is a must-have for all motorcycle lovers. Read this book, even dip in and out where relevant. If it makes sense, schedule some time, clear your mind, pull on some old clothes, grab your toolbox and get going. The chapters in How to Build a Motorcycle will tell you how to complete a huge variety of tasks that will allow even the greenest of novices to get their hands dirty and start modifying with purpose. If you belong to this camp, start with some of the low-input, high-reward jobs, such as fitting bars, swapping the rear shocks or

wiring in a new tail light. Even though these require relatively little work, they'll transform the look of your bike, and completing them will fill you with confidence to undertake the more difficult jobs, such as fitting more modern front forks or even making your own frame. The book comes with a glossy 32-page section on finished bikes and is a reference and the perfect gift for all fans, from those who merely like to tinker, to riders taking on a full build.

Café Racers Redline Books

American Biker: The History, The Clubs, The Lifestyle, The Truth is the long-awaited new work by Bill Hayes, author of

the bestselling *The Original Wild Ones: Tales of the Boozefighters Motorcycle Club*. Expanding upon filmmaker Randall Wilson's documentary, *American Biker*, Hayes' book is perhaps the most comprehensive and introspective look at the biker world ever compiled. *American Biker*, the book, takes the four elements of its subtitle--the history, the clubs, the lifestyle, and the truth--and delivers on each with powerful impact. The History of the machine itself is there, of course, but more importantly, *American Biker* delivers a history of the motorcycle culture told from the inside; from those who have truly lived it. The

Clubs--the MC--are reverently explored with an honest voice that doesn't come from law enforcement infiltrators, snitches, money-oriented opportunists, biased media, or anyone else on the outside of the culture. The Lifestyle--the image--is also examined; from the often fantasy-driven entertainment industry, to the weekend-warriors, to those who have truly made "all of this" a way of life. And because it is written from the inside, *The Truth* on all issues and aspects of the biker world is never compromised--even when discussing controversial topics. From club politics to "Property of" patches, from cop clubs to racism, *American Biker* never backs

down. The "voices" of truth in American Biker include former United States Senator Ben Nighthorse Campbell; Easyriders Europe Editor, Michael Stein; actor and biker Robert Patrick; Motorcycle Hall of Famers John "Rogue" Herlihy and Keith Ball; President of the mother chapter of the Hessians MC, "Spike"; longtime member and officer of the Vietnam Vets MC, "Popeye"; documentary filmmaker Randall Wilson; bikers "on the street," from Daytona to Sturgis to Hollister; and many, many more. The voice of author Bill Hayes is also heard loudly throughout, as it relates years of personal experiences. As it decries media exploitation and

distortion. As it lays bare the never-ending battles between law enforcement and bikers. And as it speaks with genuine emotion and pure love and respect for the biker culture. American Biker is a must-read for anyone wanting to truly understand the biker lifestyle. Speed, Style, and Ton-Up Culture David Bull Pub It's 1901 and a guy named Harley has an idea. For twenty-four years, in an odd and intimate warren of rooms, San Franciscans of every

variety have come to the Zuni Café with high expectations and have rarely left disappointed. In *The Zuni Café Cookbook*, a book customers have been anticipating for years, chef and owner Judy Rodgers provides recipes for Zuni's most well-known dishes, ranging from the Zuni Roast Chicken to the Espresso Granita. But Zuni's appeal goes beyond recipes. Harold McGee concludes, "What makes *The Zuni Café Cookbook* a real treasure is the voice of Zuni's Judy Rodgers," whose book "repeatedly sheds a fresh and revealing light on ingredients and dishes, and even on the nature of cooking itself." Deborah Madison (*Vegetarian Cooking*

for Everyone) says the introduction alone "should be required reading for every person who might cook something someday."
