For millennia, humanity has wondered, "Who are we and where did we come from?" Religions tell us we are flawed, limited, even evil. They promise reward or retribution for

believing the right things about the right God and keeping our faces down and our knees bowed. Billions unquestioningly obey. Science skeptically scoffs at these old myths. It has reduced the entire universe - and humanity along with it - to a mathematical and mechanistic accident. Billions consider themselves too smart, too educated to believe in crazy old myths or to see any reality beyond the natural world. Are either of

these explanations satisfying or complete? Are we just atoms bumping into other atoms or souls to be saved by the decree of ancient Gods? White House correspondent Maria Love had never considered such questions. Suddenly and unexpectedly, she finds herself thrown into a world where everything we've been told turns out to be wrong. Now, with the help of a member of the Anunnaki elite, she tries to reveal history's greatest

deception as the fate of Earth and Nibiru hangs in the balance.

But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when
