College Algebra Cengage
Learning
We see teaching
mathematics as a form of
story-telling, both when we
present in a classroom and
when we write materials for
exploration and learning.

The goal is to explain to you in a captivating manner, at the right pace, and in as clear a way as possible, how mathematics works and what it can do for you. We find mathematics to be intriguing and immensely beautiful. We want you to feel that way, too.
