CliffsAP Calculus AB and BC, 3rd Edition Cliffs Notes

Natural Sciences, part of Peterson's Master the CLEP, offers a review of the subject matter you need to know to master the scientific concepts that are tested on the CLEP Natural Sciences examination. You will learn about evolution and classification, cellular and molecular biology, organisms and heredity, ecology and population biology, as well as the atom, elements and reactions, thermodynamics, eletromagnetism, the structure of the universe, and Earth's history and systems. To help you pinpoint in which areas you may require further practice, this review offers a 50-question pre-test, overview practice questions, and a 50-question post-test. You will find in-depth answer explanations for every question presented in this guide.

Cracking the AP Calculus BC Exam Peterson's

Peterson's Master the Social Sciences and History CLEP Test is the prefect resource to help you ace this CLEP general examination, which tests you on a broad range of topics in U.S. and world history, political science, geography, economics, psychology, sociology, anthropology, and more. In preparation for taking this exam, you will start by taking a 50-question pre-test, which— together with its detailed answer explanations—will help you see which subject areas you need to focus on during your studies. This guide then offers summaries of U.S. and world history topics; comparative politics and U.S. institutions; cultural, physical, and regional geography; a review of economics with a glossary of relevant terminology and major theorists and schools; and a discussion of the thoughts and methods of psychology, sociology, and anthropology. You will practice with review questions and conclude with a 50-question post-test, all of which come with answer explanations for further knowledge retention.

Differential Calculus John Wiley & Sons

Peterson's Master the College Composition CLEP Test offers a comprehensive review of the skills assessed in this general examination. You will start by taking a 50-question pre-test, complete with detailed answer explanations, to help find your strengths and weaknesses. This is followed by a thorough discussion of the conventions of Standard Written English, revision skills, the ability to use source materials, and rhetorical analysis. Each of these subject areas includes review questions with answer explanations. You will review how to write a successful essay, and then go through an in-depth usage review. You can then practice with a 50-question post-test, which is also accompanied by answer explanations.
