Salt Spring Island (also known as Saltspring Island) is one of the Gulf Islands in the Strait of Georgia between mainland British Columbia, Canada and Vancouver Island. The island was initially inhabited by various Salishan peoples before being settled by immigrant pioneers in 1859, at which time it was renamed Admiral Island.

Quinn's glittering California life is
the polar opposite to her quiet
and reclusive days on Salt Spring
Island in the Pacific Northwest.
So when Quinn comes to her
island and shows an interest in
her, her initial reactions are
disbelief, fear—and panic attacks.
None of which she can control.
All of which makes Quinn more
interested than ever.
