Understanding The Call of the Wild Createspace Independent Publishing Platform

From trauma educator and somatic guide Kimberly Ann Johnson comes a cutting-edge guide for tapping into the wisdom and resilience of the body to rewire the nervous system, heal from trauma, and live fully. In an increasingly polarized world where trauma is often publicly renegotiated, our nervous systems are on high alert. From skyrocketing rates of depression and anxiety to physical illnesses such as autoimmune diseases and digestive disorders, many women today find themselves living out of alignment with their bodies. Kimberly Johnson is a somatic practitioner, birth doula, and postpartum educator who specializes in helping women recover from all forms of trauma. In her work, she's seen the same themes play out time

and again. In a culture that prioritizes executive function and "mind over matter," many women are suffering from deeply unresolved pain that causes mental and physical stagnation and illness. In *Call of the Wild*, Johnson offers an eye-opening look at this epidemic as well as an informative view of the human nervous system and how it responds to difficult events. From the "small t" traumas of getting ghosted, experiencing a fall-out with a close friend, or swerving to avoid a car accident to the "capital T" traumas of sexual assault, an upending natural disaster, or a life-threatening illness—Johnson explains how the nervous system both protects us from immediate harm and creates reverberations that ripple through a lifetime. In this practical, empowering guide, Johnson shows readers how to metabolize these nervous system responses, allowing everyone to come home to their deepest, most intuitive and whole selves. Following her supportive advice, readers will learn how to move from wholeness, tapping into the innate wisdom of their senses, soothing frayed nerves and reconnecting with their "animal selves." While we cannot cure the painful cultural rifts inflicting our society, there is a path forward—through our bodies.

The Call of the Wild Spark Notes

An energetic and enthralling series of encounters with warlords, mujahideen fighters and hardy deminers that will take you into the life of an Australian soldier sent alone into the wilds of Afghanistan. In 1991, following the Soviet-Afghan war, Graeme Membrey left the comfort of his home in Perth to work for an Afghan NGO in the United Nations demining program. Along with his pregnant wife, he travelled to Karachi, then to Islamabad, before settling in the city of Peshawar where he was to spend a year closely

working with deminers in Afghanistan and Pakistan. Away from the front line, this book deals with the less-told story of what is left behind after war ends. With humour and humility, Graeme Membrey recounts a variety of incidents and surprising stories of his time in this part of the world. Behind the anecdotes lies the story of friendship and the universal connexion between humans in spite of language barriers and cultural differences.
