NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness

north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —*Entertainment Weekly* McCandless had given

\$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreakin g tale of an enigmatic young man who goes missing in the wild and whose story captured the

world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that

Harrison Ford! Out of the white wilderness, out of the Far North, Jack London, one of America's most popular authors, drew the inspiration for his robust tales of perilous adventure and animal cunning. Swiftly paced and vividly written, the novel and five short stories included here capture the main theme of London's work: the law of the club and the fang—man's instinctive reversion to primitive behavior when pitted against the brute force of nature. This thrilling adventure story is set in the Klondike Gold Rush of Alaska and the Yukon Territory, in the late 1890s. Dog sledding was the mode of transportation and strong sled dogs were in high demand. The novel's main character, Buck, is half St. Bernard and half Scotch Shepherd dog. Raised as a

domesticated dog on a ranch in southern California, Buck is stolen from his home and sold into the brutal existence of an Alaskan sled dog, where he is forced to survive in a foreign and uncaring environment. Buck adjusts and masters his new life, by reverting to ancestral instincts. Jack London's classic book has been a historical fiction best seller year after year. As early as 1908, it was adapted to film and now again in 2020 hit the big screen in movie theaters, starring Harrison Ford. A best seller many times over, this book has stood the test of time for well over 100

Now, based on new research conducted with leaders, change makers, and culture shifters, she 's showing us how to put those ideas into practice so we can step up and lead.

Don ' t miss the five-part HBO Max docuseries Bren é Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don ' t pretend to have the right answers; we stay curious and ask the right questions. We don ' t see power as finite and hoard it; we know that power

becomes infinite when we share it with others. We don ' t avoid difficult conversations and situations; we lean into vulnerability when it ' s necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we ' re choosing not to invest in developing the hearts and minds of leaders at the exact same time as we ' re scrambling to figure out what we have to offer that machines and AI can ' t do better and faster. What can we do better? Empathy,

connection, and courage, to start. Four-time #1 New York Times bestselling author Bren é Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring

leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “ One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It ’ s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage

over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It ’ s why we ’ re here. ” Whether you ’ ve read *Daring Greatly* and *Rising Strong* or you ’ re new to Bren é Brown ’ s work, this book is for anyone who wants to step up and into brave leadership. *The Call of the Wild* Vintage "A considerable tour de force by any standard." ?New York Times Book Review" *The Call of the Wild* W.
