Allow your children to experience the adventure, freedom, and wonder of childhood with this practical guide that provides all the information, inspiration, and advice you need for creating a modern, quality homeschool education. Inspired by the spirit of Henry David Thoreau—"All good things are wild and free"—mother of five Ainsley Arment founded Wild + Free. This growing online community of mothers and families want their children to receive a quality education at home by challenging their intellectual abilities and nurturing their sense of curiosity, joy and awe—the essence of a positive childhood. The homeschool approach of past generations is gone—including the stigma of socially awkward kids, conservative clothes, and a classroom setting replicated in the home. The Wild + Free movement is focused on a love of nature, reading great books, pursuing interests and hobbies, making the entire world a classroom, and prolonging the wonder of childhood, an appealing philosophy that is unpacked in the pages of this book *The Call of the Wild and Free* offers advice, information, and positive encouragement for parents considering homeschooling, those currently in the trenches

looking for inspiration, as well as parents, educators, and caregivers who want supplementary resources to enhance their kids' traditional educations.

A playful, profound book

that is not only a testament to one man's efforts to be deemed more human than a computer, but also a rollicking exploration of what it means to be human in the first place. "Terrific. ... Art and science meet an engaged mind and the friction produces real fire."

—The New Yorker Each year, the AI community convenes to administer the famous (and famously controversial) Turing test, pitting sophisticated software programs against humans to determine if a computer can "think." The machine that most often fools the judges wins the Most Human Computer Award. But there is also a prize, strange and intriguing, for the "Most Human Human." Brian Christian—a young poet with degrees in computer science and philosophy—was chosen to participate in a recent competition. This

#1 NEW YORK TIMES

BESTSELLER • Brené

Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead.

Don't miss the five-part HBO Max docuseries Brené Brown: *Atlas of the Heart!* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG** Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author

---

Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's

why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

[The Call of the Wild Weekly #5](#) Createspace Independent Publishing Platform

An energetic and enthralling series of encounters with warlords, mujahideen fighters and hardy deminers that will take you into the life of an Australian soldier sent alone into the wilds of Afghanistan. In 1991, following the Soviet-Afghan war, Graeme Membrey left the comfort of his home in Perth to work for an Afghan NGO in the United Nations demining program. Along with his pregnant wife, he travelled to Karachi, then to Islamabad, before settling in the city of Peshawar where he was to spend a year closely working with deminers in Afghanistan and Pakistan. Away from the front line, this book deals with the less-told story of what is left behind after war ends. With humour and humility, Graeme Membrey recounts a variety of

incidents and surprising stories of his time in this part of the world. Behind the anecdotes lies the story of friendship and the universal connexion between humans in spite of language barriers and cultural differences.

**A Test of Will** Brolga Publishing

Winner of the Golden Kite Award for Nonfiction The remarkable tale of two young men during the Klondike Gold Rush, told through first-hand diaries, letters, and more—"excellent reading" for middle grade fans of *The Call of the Wild* and adventure stories (*School Library Journal*) As thousands head north in search of gold, Marshall Bond and Stanley Pearce join them, booking passage on a steamship bound for the Klondike goldfields. The journey is life threatening, but the two friends make it to Dawson City, in Canada, build a cabin, and meet Jack London—all the while searching for the ultimate reward: gold! A riveting, true, action-packed adventure, with their telegrams, diaries, and letters, as well as newspaper articles and photographs. An author's note, timeline, bibliography, and further resources encourage readers to dig

deeper into the Gold Rush era.

### **Into the Wild** Research & Education Assoc.

I brought them to the wilderness because we couldn't cope with our reality. The plan was to make a new life that didn't include heartache. No people. No technology. No interference. Just us. A chance to piece together what was broken. But the wilderness is untamed and harsh. Brutal and unforgiving. It doesn't give a damn about your feelings. Tragedy lives there too. No escaping the truths that won't let you go. All you can do is survive where love, no matter how beastly, is the only thing you can truly count on. Confusing. Wrong. Twisted. Beautiful. Sick. Love is wild. And we're going to set it free. **WARNING:** The Wild is an extremely taboo story. Most will find that the themes in this book will make you incredibly uncomfortable or maybe even offend you. This book is only for the brave, the open-minded, and the ones who crave love in even the most dismal of situations. Extreme sexual

themes and violence in certain scenes, which could trigger emotional distress, are found in this story. If you are sensitive to heavy taboo themes, then this story is not for you. Seriously, you've been warned. Don't say I didn't try. You're probably going to cringe many, many, many times. Even if you're on the fence, it's probably not a good idea to proceed. However, if you're intrigued and fearless and kind of sort of trust me, then carry on.

This book is for you.

#### *A Guide for Using the Call of the Wild in the Classroom*

Hardie Grant Publishing  
**NATIONAL BESTSELLER** • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but Into the Wild is a mystery of the highest order." —Entertainment Weekly  
McCandless had given

---

\$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. Into the Wild is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and

hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

#### A Piece of Steak Vintage

An eighteen-year-old chieftain's daughter must find a way to kill her village's oppressive deity if she ever wants to return home in Warrior of the Wild, the Viking-inspired YA standalone fantasy from Tricia Levenseller, author of Daughter of the Pirate King. How do you kill a god? As her father's chosen heir, eighteen-year-old Rasmira has trained her whole life to become a warrior and lead her village. But when her coming-of-age trial is sabotaged and she fails the test, her father banishes her to the monster-filled wilderness with an impossible quest: To win back her honor, she must kill the oppressive god who claims tribute from the villages each year or die trying.

#### **The Call of the Wild - Unabridged with Full**
