The most comprehensive and

best illustrated treatment of the fascinating tropical neem tree (*Azadirachta indica*) and its unique substances. The extracts from the neem tree have an enormously broad range of applications. The main substance azadirachtin, a tetranortriterpenoid, influences the hormone system of insects, exerting thereby a pesticidal effect. Feeding activity, reproduction and flying ability of insects are also affected. It is biologically degradable and can be easily extracted from the seeds of the tree. Other important uses of neem tree products are: - antifertility and population control -

cure of human diseases - manure and nitrification inhibitors - feeds for domestic animals - soap production With its exhaustive treatment of the neem tree and closely related plants, this book provides us with an impressive example of the varied uses of renewable resources.

Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Santángel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tomás de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend's demise brings the violence close to home, Santángel is enraged and

takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Santángel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he'd lost...the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Santángel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—*Sixteen Candles*. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, *32 Candles* introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and

sassiness to spare.

*Color My Butt* Prentice Hall  
Jonathan Pollard, an intelligence analyst working in the U.S. Naval Investigative Service's Anti-Terrorist Alert Center, systematically stole highly sensitive secrets from almost every major intelligence agency in the United States. In just eighteen months he sold more than one million pages of classified material to Israel. No other spy in U.S. history has stolen so many secrets, so highly classified, in such a short period of time. Author Ronald Olive was in charge of counterintelligence in the Washington office of the Naval Investigative Service that investigated Pollard and garnered the confession that led to his arrest in 1985 and eventual life sentence. His book reveals details of Pollard's confession, his interaction with the author when suspicion was mounting, and countless other details never before made public. Olive points to mistaken assumptions and leadership failures that allowed Pollard to ransack America's defense intelligence long after he should have been caught. *Black Americans Who Shook Up the World* Other Press,

Classic pasta dishes from America's 1st and most beloved master chef Whether you're entertaining guests or simply cooking for 1, pasta is sure to delight. The ultimate comfort food, it can be found in the cuisines of nearly every culture. James Beard, heralded by the New York Times as "the dean of American cookery" enriches our understanding of this culinary staple with his collection of recipes and commentary on store-bought versus homemade pasta, wine pairings, choosing the perfect cheese, and other insights. From familiar spaghetti entrées to more adventurous fare, such as udon noodle soup and spätzle, Beard brings meals from all over the globe into the home chef's kitchen. Under the guidance of America's original gastronomic genius, the basic noodle is elevated in dishes such as basil lasagna, Portuguese fish stew with orzo, and cheddar angel hair soufflé. Beard on Pasta is full of easy-to-follow recipes, along with tips on preparation, sauce, and serving that you'll be eager to try. This comprehensive cookbook provides all the tools you need to make delectable and unforgettable pasta for any occasion.

**The Effective Security Supervision Manual** Archie Comic Publications (Trade) While Marxian theory has

produced a sound and rigorous critique of capitalism, has it faltered in its own practice of social transformation? Has it faltered because of the Marxian insistence on the hyper-secularization of political cultures? The history of religions – with the exception of some spiritual traditions – has not been any less heartless and soulless. This book sets up a much-needed dialogue between a rethought Marxian praxis of the political and a rethought experience of spirituality. Such rethinking within Marxism and spirituality and a resetting of their lost relationship is perhaps the only hope for a non-violent future of both the Marxian reconstruction of the self and the social as also faith-based life-practices. Building on past work in critical theory, this book offers a new take on the relationship between a rethought Marxism and a rethought spirituality (rethought in the life, philosophy and works of Christian thinkers, anti-Christian thinkers, Marxian thinkers, those critical of Marxist Statecraft, Dalit neo-Buddhist thinkers, thinkers drawing from Judaism, as well as thinkers drawing critically from Christianity).

Contrary to popular belief, this book does not see spirituality as a derivative of only religion. This book also sees spirituality as, what Marx designated, the "sigh of the oppressed" against both social and religious orthodoxy. In that sense, spirituality is not just a displaced form of religion; it is a displaced form of the political too. This book therefore sets up the much-needed dialogue between the Marxian political and the spiritual traditions. The chapters in this book were originally published in *Rethinking Marxism – A Journal of Economics, Culture and Society*.

A history of the Korean War with soldier's-eye views from both sides, by the Pulitzer Prize-winning author of *The Rising Sun* and *Infamy*. Pulitzer Prize-winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao's direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In *Mortal Combat* is comprehensive in its discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao's prediction of MacArthur's Inchon invasion. Toland's account of the

"forgotten war" is a must-read for any history aficionado.

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven

determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

*The Inside Story of How the FBI's Robert Hanssen Betrayed America* Routledge  
Ana Montes appeared to be a

model employee of the Defense Intelligence Agency (DIA). Known to her coworkers as the Queen of Cuba, she was an overachiever who advanced quickly through the ranks of Latin American specialists to become the intelligence community's top analyst on Cuban affairs. But throughout her sixteen-year career at DIA, Montes sent Castro some of America's most closely guarded secrets and at the same time influenced what the United States thought it knew about Cuba. When she was finally arrested in September 2001, she became the most senior American intelligence official ever accused of operating as a Cuban spy from within the federal government. Unrepentant as she serves out her time in a federal prison in Texas, Montes remains the only member of the intelligence community ever convicted of espionage on behalf of the Cuban government. This inside account of the investigation that led to her arrest was written by Scott W. Carmichael, the DIA's senior counterintelligence investigator who persuaded the FBI to delve deeper into Montes activities. Although Montes did not fit the FBI's profile of a spy and easily managed to defeat the agency's polygraph exam, Carmichael became suspicious of her activities and, with the FBI, over a period of several years developed a solid case against

her. Here he tells the story of that long and ultimately successful spy hunt.

Carmichael reveals the details of their efforts to bring her to justice, offering readers a front-row seat for the first major U.S. espionage case of the twenty-first century. She was arrested less than twenty-four hours before learning details of the U.S. plan to invade Afghanistan post-September 11. Motivated by ideology and not money, Montes was one of the last "true believers" of the Communist era. Because her arrest came just ten days after 9/11, it went largely unnoticed by the American public. This book calls attention to the grave damage Montes inflicted on U.S. security--Carmichael even implicates her in the death of a Green Beret fighting Cuban-backed insurgent in El Salvador and the damage she would have continued to inflict had she not been caught.
