The Iron Woman Cambridge University Press

Practical Faster Reading provides the basis for a reading improvement course lasting a total of 30 class hours and has proved popular with students and teachers in a variety of settings. Thirty passages covering a wide range of topics of general interest and accompanying exercises give practice in the reading skills needed at upper-intermediate and more advanced levels. Substantial increases in reading speed are usually attained with improvements in comprehension and vocabulary. The full answer key for self-checking also makes this useful for the student working alone.

Cambridge Checkpoint English Coursebook 9 Cambridge

University Press

The Primary Checkpoints series is designed to provide ready-made stimulating activities. Familiarises students with a variety of assessment formats, such as, NAPLAN* Thematic units of work covering areas of the curriculum such as reading; language conventions and numeracy to provide students with solid and relevant practice towards assessment tasks at the appropriate Primary level. Each unit of work contains: • a text type, based on a theme that is relevant to the age and ability level of the student • reading comprehension • language convention • numeracy including mental arithmetic questions and problem solving Each of the units also includes motivation or encouragement pages in which students complete tasks related to other curriculum areas such as: • science • geography • history • health • nutrition and fitness • social issues Four Checkpoint Units to be completed in a 'test-like' or as a self-assessment activity. A removable answers insert.
