Cambridge ICT Starters: On Track, Stage 2 Hodder Education

"Cambridge English for Job-Hunting is for upper-intermediate to advanced level (B2-C1) learners of English who need to use English during the job application process. The course can be used in the classroom or for self-study. Ideal for working professionals those new to the world of employment, the course develops the specialist English language knowledge and communication skills that job-seekers need to apply for and secure jobs. Cambridge English for Job-Hunting comprises six standalone units covering core areas such as preparing a CV, writing a cover letter, and answering interview questions. By featuring authentic materials such as CVs and letters, learners are given practical experience in preparing vital documentation. The course also features a special focus on the interview scenario, including extracts from interviews on the Audio CD. As well as familiarising learners with commonly asked interview questions, the course also develops more advanced interviewing techniques such as answering difficult questions and selling yourself effectively. In addition the course offers valuable advice to help build applicants' confidence. "

Cambridge ICT Starters: On Track, Stage 1 Cambridge English

Academic writing is difficult, and Final Draft gives students all the tools they need. Writing skills and in-depth analysis of models set the stage for development. Corpus-based vocabulary, collocations, and phrases, as well as detailed information on the grammar of writing, prepare your learners for college writing courses. Students learn to avoid plagiarism in every chapter of every level. This dedicated, long-term focus on plagiarism avoidance helps ensure that these students are able to use sources and highlight their own thoughts.

Cambridge ICT Starters On Track Stage 1 Routledge

This collection presents new investigations into the role of heritage languages and the correlation between culture and language from a pedagogic and cosmopolitical point of view. Produced with University of Cambridge International Examinations, this is a practical guide to support school principals in the implementation of bilingual education, and to help schools with an existing bilingual programme to evaluate and improve their practice. This is the first guide to focus on the development and organisation of a bilingual education programme from the perspective of the school principal. The book suggests how the major stakeholders - principal, teachers, students and parents - can work together effectively as a cohesive team. Drawing on best practice and research, it includes perspectives from school managers and teachers around the world.

Ten Strategies of a World-Class Cyber Security Operations Center conveys MITRE's accumulated expertise on enterprise-grade computer network defense. It covers ten key qualities of leading Cyber Security Operations Centers (CSOCs), ranging from their structure and organization, to processes that best enable smooth operations, to approaches

that extract maximum value from key CSOC technology investments. This book offers perspective and context for key decision points in structuring a CSOC, such as what capabilities to offer, how to architect large-scale data collection and analysis, and how to prepare the CSOC team for agile, threat-based response. If you manage, work in, or are standing up a CSOC, this book is for you. It is also available on MITRE's website, www.mitre.org.
