Horace's Odes remain among the most widely read works of classical literature. This volume constitutes the first substantial commentary for a generation on this book, and presents Horace's poems for a new cohort of modern students and scholars. The introduction focusses on the particular features of this poetic book and its place in Horace's poetic career and in the literary environment of its particular time in the 20s BCE. The text and commentary both look back to the long and distinguished tradition of Horatian scholarship and incorporate the many advances of recent research and thinking about Latin literature. The volume proposes some new solutions to established problems of text and interpretation, and in general improves modern understanding of a widely read ancient text which has a firm place in college and university courses as well as in classical research.

North American Edition Cambridge University Press

ULYSSES James Joyce's novel *Ulysses* is said to be one of the most important works in Modernist literature. It details Leopold Bloom's passage through Dublin on an ordinary day: June 16, 1904. Causing controversy, obscenity trials and heated debates, *Ulysses* is a pioneering work that brims with puns, parodies, allusions, stream-of-consciousness writing and clever structuring. Modern Library ranked it as number one on its list of the twentieth century's 100 greatest English-language novels and Martin Amis called it one of the greatest novels ever written. **ULYSSES** *Ulysses* is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called "a demonstration and summation of the entire movement". *Ulysses* chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. *Ulysses* is the Latinised name of Odysseus, the hero of Homer's epic poem *Odyssey*, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided *Ulysses* into 18 chapters or "episodes". At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had "put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant", which would earn the novel "immortality". James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for *Ulysses*, the short-story collection *Dubliners*, and the novels *A Portrait of the Artist as a Young Man* and *Finnegans Wake*. **ULYSSES** As the day begins, Stephen Dedalus is displeased with his friend and remains aloof. A little later, he teaches history at Garrett Deasy's boys' school. **ULYSSES** Leopold Bloom begins his day by preparing breakfast for his wife, Molly Bloom. He serves it to her in bed along with the mail. **ULYSSES** As their day unfolds, Joyce paints for us a picture of not only what's happening outside but also what's happening inside their minds. **ULYSSES** Drawing on the characters, motifs and symbols of Homer's *Odyssey*, James Joyce's *Ulysses* is a remarkable modernist novel. It has lived through various criticisms and controversies and has undergone several theatre, film and television adaptations. It continues to remain a literary

masterpiece. **ULYSSES**

North American Edition Cambridge University Press

'Parallel Lives' is intended to be a complete Latin course leading learners up to the equivalent of a Latin GCSE (UK) level. The textbooks are concise and the workbooks unique in Latin teaching as they are largely modelled on MFL acquisition research and practices. The workbooks are an integral part of the course as the activities in them interlace intricately with those in the textbooks and enhance the learning process. The illustrations throughout have been done professionally and are intended to illustrate the stories, to promote discovery and discussion and to encourage creativity and imagination. A designated website (www.parallellives.org.uk) provides extra support for teacher and learner alike. Audio versions of all dialogues are available for free download. The emphasis of Book I lies in two areas: 1. Developing a love for the Roman World and an understanding of the ways it underpins the foundations of Western civilisation. This is done by following the adventures of young Cicero (Marcus), his best friend Titus and his sister Pomponia. Situations and themes include: at school, at home, life in town and in the countryside, Roman toys, pets, names, inscriptions, education, slavery, the Graeco-Roman Pantheon, the City of Rome, gladiators and gladiatrices, the stories of Aeneas and Odysseus etc. The title 'Parallel Lives' is suggestive of the perspective the themes are viewed from: looking for similarities and differences between characters, their lives and realities. The topics lead naturally towards parallels with the realities of the modern world (such as equality and cultural differences and tolerance). 2. Language focus: most pages contain 'Language Focus' rubrics which have been kept as free of formalised grammar as possible, to allow each teacher to introduce the grammatical units in the way best suited to the learners and his or her own teaching methods. Links to English have been central: the presentation of language is based on understanding of a native English language speaker's ways of thinking and learning. E.g.: Natural gender is introduced first, emphasising links with English proper names. Standard 'case' forms are introduced through essential functions: 'Possession and belonging' are introduced through Roman names. The logic for this primary position of the 'genitive' is its survival in English ('s / -s') which makes it the easiest to comprehend as a concept. The 'to / for' function is introduced through gifts and dedications. The instrumental function is introduced through situational usage in terms of everyday tools and weapons. Verbs are introduced in a seemingly formalised way, in terms of groups and personal endings, as this can make for a series of stimulating tasks within the reach of all learners. The present tense is introduced situationally and on the basis of English functions. Vocabulary acquisition is encouraged through

'For your vocabulary book' rubrics. This follows the demands of the Latin GCSE examination boards (UK). 'Help points' are dotted throughout, covering all needed running vocabulary. Prose composition is introduced in a variety of ways: direct composition modelled on examples, form creation and gap-fills, functional usage (e.g. designing and labelling of gift-tags and dedicatory inscriptions). Book I (textbook and workbook in tandem) is expected to provide enough material for one year of learning with a non-selective group of a wide ability range, based on one 50 - 55 minute period per week. Books I to III are expected to lead the students through the KS3 requirements (i.e. half-way through a GCSE). We expect to be able to provide a combined edition of these three books in the near future."
