Tacitus, Annals, 15.20 – 23, 33 – 45 Harper Collins

Developing Latin skills for ages 10-13. Join in the fun with Minimus Secundus - a mix of myths, stories, grammar support and historical background! This Teacher's Resource Book provides full support for non-specialist teachers, including worksheets on various aspects of Roman life, suggested practical activities and translations of the Latin passages.

Minimus Pupil's Book Cambridge University Press

e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhart's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

**A Primer of Ecclesiastical Latin** Cambridge University Press

The entertaining stories in this collection bring variety to standard Latin material offered in language courses, and can be used for blind translation practice. Dunlop has culled these stories from a number of sources: Graeco-Roman fables, Greek and Roman myth and history, and

traditional tales. Graded in both vocabulary and grammatical complexity, with a complete glossary at the end of the book, Short Latin Stories is an excellent literary companion to the Cambridge Latin Course as it includes cross-references to the program's appropriate stages.

*Cambridge Latin Course Unit 2 Omnibus Workbook North American edition* Bolchazy-Carducci Publishers

An Answer Key to A Primer of Ecclesiastical Latin John Benjamins Publishing

Intensive Basic Latin: A Grammar and Workbook comprises a dynamic reference grammar and related exercises in a single volume. The book presents forty individual grammar points, covering the core material which students would expect to encounter in their first year of learning Latin. Grammar points are followed by contextualised examples and exercises which allow students to reinforce and consolidate their learning. There is a particular emphasis throughout on familiarising students with real, unadulterated Latin and the task of teasing information from the Latin via translations. To this end, there are matching exercises with unedited Latin excerpts and rough English translations in the chapters, encouraging students to take a hands-on approach in their learning. In addition to this, a short reading relating to the adventures of Hercules is presented at the end of almost every chapter; these readings, which become progressively more complex, give the course a strong sense of narrative cohesion and interest and provide students with opportunities to develop their comprehension and translation skills. Key features include: Clear, accessible format and jargon-free explanations of grammar Many useful language examples Abundant and varied exercises with full answer key Controlled usage of vocabulary throughout, allowing students to concentrate on building up their grammatical knowledge Review chapters at intervals throughout the text, providing exercises specially designed to consolidate knowledge of

language points covered Useful English-Latin and Latin-English glossaries at the back of the book Written by an experienced instructor, Intensive Basic Latin: A Grammar and Workbook is an ideal resource for beginning students of Latin. It can be used as a textbook, grammar reference and practice resource and is suitable both for class use and independent study.

Cambridge Latin Course 2 Student Study Book Answer Key Merriam-Webster

A well-established and proven approach to learning Latin.

Merriam-Webster's Vocabulary Builder Cambridge University Press

For nearly sixty years, Wheelock's Latin has remained the opitmus liber of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features, many of them improved and expanded, that have made it the bestselling single-volume beginning Latin textbook: 40 chapters with grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; Self-tutorial exercises, each with an answer key, for independent study; An extensive English – Latin/Latin – English vocabulary section; A rich selection of original Latin readings—unlike other Latin textbooks, which contain primarily made-up texts; Etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary, and translation tips; new comprehension and discussion questions; and new authentic classical Latin readings, including Roman graffiti, in every chapter.

North American Cambridge Latin Course Unit 1 Student's Book Taylor & Francis

The North American Cambridge Latin Course is a well-established four-part Latin program whose approach combines a stimulating, continuous storyline with grammatical development, work on derivatives, and cultural information.
