The Great Fire is the winner of the 2003 National Book Award for Fiction. A great writer's sweeping story of men and women struggling to reclaim their lives in the aftermath of world conflict The Great Fire is Shirley Hazzard's first novel since The Transit of Venus, which won the National Book Critics Circle Award in 1981. The conflagration of her title is

the Second World War. In war-torn Asia and stricken Europe, men and women, still young but veterans of harsh experience, must reinvent their lives and expectations, and learn, from their past, to dream again. Some will fulfill their destinies, others will falter. At the center of the story, Aldred Leith, a brave and brilliant soldier, finds that survival and worldly achievement are not enough. Helen Driscoll, a young girl living in occupied Japan and tending her dying brother, falls in love, and in the process discovers herself. In the looming shadow of world enmities resumed, and of Asia's coming centrality in

The unputdownable story of a life shattered by a secret gambling addiction – and an uplifting tale of recovery. With a foreword by *Marcus Trescothick*. For more than 12 years, *Patrick Foster*

lived a double life. Turning 31, a popular and sociable young teacher and former professional cricketer, he had a lovely girlfriend and a supportive family. But he was hiding a secret and debilitating gambling addiction from even those closest to him. Huge bets had led to huge debts, thousands of lies, and consequences for his mental health that pushed him to the edge of the platform at Slough station, where he was moments from taking his own life in March 2018. That month Patrick had turned a

£ 30 bet into £ 28,000, then lost £ 50,000 on a single horse, Might Bite, in the Cheltenham Gold Cup, watching the race in a silent classroom as his students undertook a mock exam in front of him. In his desperation, he had taken out every possible loan, and borrowed money from family, friends and even the parents of children he taught. Although his life was unravelling around him, he could not stop. You might think that this is just one man's story. But problem gambling affects one in 200

people in the UK alone. Hundreds lose their lives annually as a result. The industry is worth more than £ 14 billion. Might Bite is a shocking, cautionary tale of just how easy it is to fall victim to the insidious lure of 'winning big'. And of how recovery is possible from the depths of addiction, no matter how inescapable it seems. 'As a society, we are only just getting to grips with gambling addiction. Patrick Foster is a trailblazer. His work will help many.' Marcus Trescothick

In 2009, Bruce Springsteen and the E Street Band performed at the Super Bowl's half-time show. The experience was so exhilarating that Bruce decided to write about it. That's how this extraordinary autobiography began. Over the past seven years, Bruce Springsteen has privately devoted himself to writing the story of his life, bringing to these pages the same honesty, humour, and originality found in his songs. He describes growing up Catholic in Freehold, New Jersey, amid the poetry, danger, and darkness that fueled his imagination, leading up to the moment he refers to as "The Big Bang": seeing Elvis Presley's debut on The Ed Sullivan Show. He

vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candour, he also tells for the first time the story of the personal struggles that inspired his best work, and shows us why the song "Born to Run" reveals more than we previously realized.

“ Tessa Hadley recruits admirers with each book. She writes with authority, and with delicacy: she explores nuance, but speaks plainly; she is one of those writers a reader trusts. ” —Hilary Mantel From the bestselling author of *Late in the Day* and *The Past* comes a compulsive new novel about one woman ' s sexual and intellectual awakening in 1960s London. 1967. While London

comes alive with the new youth revolution, the suburban Fischer family seems to belong to an older world of conventional stability: pretty, dutiful homemaker Phyllis is married to Roger, a devoted father with a career in the Foreign Office. Their children are Colette, a bookish teenager, and Hugh, the golden boy. But when the twenty-something son of an old friend pays the Fischers a visit one hot summer evening, and kisses Phyllis in the dark garden after dinner, something in her catches fire. Newly awake to the world, Phyllis makes a choice that defies all expectations of her as a wife

and a mother. Nothing in these ordinary lives is so ordinary after all, it turns out, as the family's upheaval mirrors the dramatic transformation of the society around them. With scalpel-sharp insight, Tessa Hadley explores her characters' inner worlds, laying bare their fears and longings. Daring and sensual, *Free Love* is an irresistible exploration of romantic love, sexual freedom and living out the truest and most meaningful version of our selves — a novel that showcases Hadley's unrivaled ability to “put on paper a consciousness so visceral, so fully realized, it

heightens and expands your own” (Lily King, author of *Euphoria*).  
The Great Fire Princeton University Press  
"First, I'll tell about the robbery our parents committed. Then the murders, which happened later." So begins *Canada*, the unforgettable story of Dell Parsons, a young man forced by catastrophic circumstances to reconcile himself to a world rendered unrecognizable. Spirited across the Montana border into Saskatchewan and taken in by Arthur Remlinger, an enigmatic man whose own past exists on the other side of the border, Dell struggles to understand what his future can be even as he comes to

understand the violence simmering below the surface in his new life. In this brilliant novel, set largely in Saskatchewan, Richard Ford has created a masterwork. Haunting and spectacular in vision, *Canada* is a novel rich with emotional clarity and lyrical precision, and an acute sense of the grandeur of living. It is a classic-in-the-making from one of our time's greatest writers.  
*Dark Money* Harper Collins

Catholic-school girl with a difficult past; and Parker, a sweet-natured, soft-spoken traveling salesman—were rural Arkansans born at the turn of the twentieth century. Married in 1928, they lived “alone together” on the road, traveling throughout the South. Eventually they had one child, born late, in 1944. For Ford, the questions of what his parents dreamed of, how they loved each other and loved him become a striking portrait of American life in the mid-century. Between Them is his vivid image of where his life began and where his parents’ lives found their greatest satisfaction. Bringing his celebrated candor, wit, and intelligence to this most intimate and mysterious of

landscapes—our parents’ lives—the award-winning storyteller and creator of the iconic Frank Bascombe delivers an unforgettable exploration of memory, intimacy, and love. **The Bascombe Novels A&C Black** *With The Sportswriter*, in 1985, Richard Ford began a cycle of novels that ten years later – after Independence Day won both the Pulitzer Prize and the PEN/Faulkner Award – was hailed by The Times of London as “an extraordinary epic [that] is nothing less than the story of the twentieth century itself.”

Frank Bascombe’s story resumes, in the fall of 2000, with the presidential election still hanging in the balance and Thanksgiving looming before him with all the perils of a post-nuclear family get-together. He’s now plying his trade as a realtor on the Jersey shore and contending with health, marital and familial issues that have his full attention: “all the ways that life seems like life at age fifty-five strewn around me like poppies.” Richard Ford’s first novel in over a decade: the funniest, most engaging (and explosive)

A New York Times Notable Book

for 2011 Since the 1960s, ideas developed during the civil rights movement have been astonishingly successful in fighting overt discrimination and prejudice. But how successful are they at combating the whole spectrum of social injustice-including conditions that aren't directly caused by bigotry? How do they stand up to segregation, for instance-a legacy of racism, but not the direct result of ongoing discrimination? It's tempting to believe that civil rights litigation can combat these social ills as efficiently as it has fought blatant

discrimination. In *Rights Gone Wrong*, Richard Thompson Ford, author of the New York Times Notable Book *The Race Card*, argues that this is seldom the case. Civil rights do too much and not enough: opportunists use them to get a competitive edge in schools and job markets, while special-interest groups use them to demand special privileges. Extremists on both the left and the right have hijacked civil rights for personal advantage. Worst of all, their theatrics have drawn attention away from more serious social injustices. Ford, a professor of law at Stanford University, shows us the many ways in which civil rights can go terribly wrong. He examines newsworthy lawsuits with shrewdness and

humor, proving that the distinction between civil rights and personal entitlements is often anything but clear. Finally, he reveals how many of today's social injustices actually can't be remedied by civil rights law, and demands more creative and nuanced solutions. In order to live up to the legacy of the civil rights movement, we must renew our commitment to civil rights, and move beyond them.

Clapham during the Blitz, develops an acquaintance with Sarah Miles, the bored, beautiful wife of a dull civil servant named Henry. Maurice claims it's to divine a character for his novel-in-progress. That's the first deception. What he really wants is Sarah, and what Sarah needs is a man with passion. So begins a series of reckless trysts doomed by Maurice's increasing romantic demands and Sarah's tortured sense of guilt. Then, after Maurice miraculously survives a bombing, Sarah ends the

affair—quickly, absolutely, and without explanation. It's only when Maurice crosses paths with Sarah's husband that he discovers the fallout of their duplicity—and it's more unexpected than Maurice, Henry, or Sarah herself could have imagined. Adapted for film in both 1956 and 1999, Greene's novel of all that inspires love—and all that poisons it—is “singularly moving and beautiful” (Evelyn Waugh).

Frank Bascombe has a younger

girlfriend and a job as a sportswriter. To many men of his age, thirty-eight, this would be a cause for optimism, yet Frank feels the pull of his inner despair and especially of his recent losses - his preferred career has ended, his wife has divorced him, and a tragic accident took his elder son. In the course of this Easter weekend, Frank will lose all the remnants of his familiar life, though he will emerge heroic with spirits soaring. This is a magnificent novel that propelled Richard Ford into the first rank of American writers.
