and Ethics (PPE)*

It explains what the  
practice of  
professional  
engineering is in  
Canada and covers the  
codes of ethics that  
professional engineers  
must embrace. The text  
touches on differences  
in regulations and  
ethical codes across  
Canada, but the  
Alberta and Ontario  
codes are cited most  
often as models for  
the rest of the  
country.

## Engineering Practice Ethics

They are intended to promote consistent practices across the country. They are not regulations or rules; they seek to define or explain discrete topics related to the practice and regulation of professional engineering in Canada. The national guidelines, and white papers do not establish a legal standard of care or conduct, and they do not ...
