**Photography** **How to Photograph Animals in the Wild**

At the beginning of a lonely summer, 16-year-old Vaughn Vance meets Sophie Birch, and the two forge an instant and volatile alliance at Nashville's neglected Dragon Park. But when Vaughn takes up photography, she trains her lens on Sophie, and their bond dissolves as quickly as it came into focus. Felts keenly illuminates the pitfalls of coming of age as an artist, the slippery nature of identity, and the clash of class in the New South. *This Will Go Down on Your Permanent Record* is a sparkling and probing debut novel from a rising literary star.

At first glance, studying behavior is easy, but as every budding ethologist quickly realises, there are a host of complex practical, methodological and analytical problems to solve before designing and conducting the study. How do you choose which species or which behavior to study? What equipment will you need to observe and record behavior successfully? How do you record data in the dark, in

the wet, or without missing part of the action? How do you analyse and interpret the data to yield meaningful information? This new expanded edition of the Handbook of Ethological Methods provides a complete step-by-step introduction to ethological methods from topic choice and behavioral description to data collection and statistical analysis. This book will be a must for beginning students and experienced researchers studying animal behavior in the field or laboratory.
