Cimino and is about the war
on drugs as it occurs in

most of his life. Even after
his Dad's death, the man's
powerful legacy still haunts
him at every turn. As he
graduates from the U. S.
Custom's Academy, Joel is
assigned strategic duty in
the 'bad-lands' of U. S. drug
enforcement, the Florida
Keys. Set in 1984, *Mid
Ocean* shows the lives of
the sometimes violent drug
smugglers and the men and
women sworn to uphold the
law in this Caribbean 'wild
west'. In the end, Joel
Kenyon will question
everyone, including himself
in a quest for what's right
and true. It is here that he
will find out the sea holds
many secrets.

Following on the release of *The Digital Negative: Raw Image Processing in Lightroom, Camera Raw,*

and Photoshop, the definitive and bestselling guide to integrated raw image processing, renowned photographer, educator, and author Jeff Schewe presents a targeted book on digital printing in Lightroom and Photoshop, which teaches expert techniques for optimal output and fine-art reproduction using today's technologies. The Digital Print picks up where first book leaves off, taking the already perfected images from The Digital Negative and preparing them for printing and other forms of output. Students will learn techniques for fine-art printing in house or sending out to a photo lab, as well as preparing images for multimedia and mobile destinations and Print on Demand (POD) books. This is the second in a two-book series that pays homage to

Ansel Adams' seminal book series The Camera, The Negative, and The Print. Each book stands alone, but the combination of the two tells the entire story from camera to print. These books are not version-specific and, thus, evergreen.
