Students will learn techniques for fine-art printing in house or sending out to a photo lab, as well as preparing images for multimedia and mobile destinations and Print on Demand (POD) books. This is the second in a two-book series that pays homage to Ansel Adams' seminal book series *The Camera, The Negative, and The Print*. Each book stands alone, but the combination of the two tells the entire story from camera to print. These books are not version-specific and, thus, evergreen.
