The EOS RP contains tons of features mostly embedded in their colorful menu hierarchy. It is nice that Canon has produced a reference manual that is whopping 600+ pages long, available online. I went through the entire manual several times. There are many books written on How-to-use this camera. But, seriously, you do not need 500-page book to use this tiny, yet powerful camera. I assembled all necessary information for you in an easy-to-follow, logical way to guide you through the learning process of how to use the EOS RP effectively.
