"Water Consciousness: How We All Have to Change to Protect Our Most Critical Resource is a solution-focused guide to the global water crisis hitting home everywhere. In-depth essays from leading thinkers and stunning photographs illuminate what we can do as individuals and as nations to reverse this crisis. Authors cover a breadth of topics including conservation, privatization, technology, grassroots movements, and the need for new laws that treat water as a common trust, not a commodity. Water Consciousness will not only inspire you to change how you think about water but also to change how you live with and use water every day."--BOOK JACKET.

" [Camilleri ' s mysteries] offer quirky characters, crisp dialogue, bright storytelling—and Salvo Montalbano... a delightful creation, an honest man on Sicily's mean streets. " —USA Today The day gets off to a bad start for Montalbano: while trying to break up a fight on Marinella beach, he hits the wrong man and is stopped by the Carabinieri. When he finally gets to the office, the inspector learns about a strange abduction: a woman was abducted, drugged, and then released unharmed only hours later. Within a few days, the same thing happens again. Both women are thirty years old and work in a bank. Montalbano also has to deal with an arson case. A shop has burned down, and its owner, Marcello Di Carlo, seems to have vanished into thin air. At first this seems like a trivial case, but a third abduction—yet again of a girl who works in a bank—and the discovery of a body bring up new questions.

[Views from the Loft](#) B&H Publishing Group  
In To Live Is Christ, best-selling author Beth Moore travels on a spiritual odyssey through the life of one of Christianity's most fervent journeymen, the apostle Paul, tracing his story from childhood to martyrdom. Proclaiming his faith as a benchmark in New Testament Scripture, Beth writes, "I have accepted many of Paul's words as a personal challenge. 'I want

to know Christ' has become my plea. 'To live is Christ and to die is gain' has become my hope. And to borrow his words once more, 'Not that I have already obtained all this . . . but I press on.'" Paul's undying passion for Christ continues to inspire and challenge those with a deep spiritual hunger for the things of God. Readers will be greatly refreshed by the obvious mercy of God that causes those who have failed him to repent and serve him wholeheartedly and effectively.

"Faster Smarter Digital Photography" shows you how to produce high-quality digital stills -- faster, smarter, and easier! You get practical, concise guidance for selecting the right digital camera for your needs; composing better shots; editing and manipulating your photos; using the digital media capabilities in the Microsoft "RM" Windows "RM" XP operating system; and preparing images for print or online delivery. "Faster Smarter Digital Photography" delivers accurate, how-to information that's easy to absorb and apply. The language is friendly and down-to-earth, with no jargon or silly chatter. Use the concise explanations, easy numbered steps, and visual examples that help you get great-looking results for home or office.

**Professional Pattern Grading for Women's, Men's and Children's Apparel** Milkweed Editions

This publication has been designed to be a role specific handbook for senior managers and project board members, which describes how to oversee projects being managed using PRINCE2. The guide sets PRINCE2 in the wider context of project management (but still non-specific for industry sector) and describes or cross-references techniques which support the PRINCE2 method.

Microbes are the most abundant organisms in the biosphere and regulate many critical elemental and biogeochemical phenomena. Because microbes are the key players in the carbon cycle and in related biological reactions, microbial ecology is a vital research area for understanding the contribution of the biosphere in global warming and the response of the natural environment to climate variations. The beneficial uses of microbes have enabled constructive and cost-effective responses

that have not been possible through physical or chemical methods. This new volume reviews the multifaceted interactions among microbes, ecosystems, and their pivotal role in maintaining a more balanced environment, in order to help facilitate living organisms coexisting with the natural environment. With extensive references, tables, and illustrations, this book provides valuable information on microbial utilization for environmental sustainability and provides fascinating insights into microbial diversity. Key features include:

Looks at enhancing plant production through growth-promoting arbuscular mycorrhizae, endophytic bacteria, and microbiome networks  
Considers microbial degradation and environmental management of e-wastes and azo dyes  
Explores soil-plant microbe interactions in metal-contaminated soils  
Examines radiation-resistant thermophiles for engineered bioremediation  
Describes potential indigenous/effective microbes for wastewater treatment processes  
Presents research on earthworms and microbes for organic farming

**The Center Cannot Hold** National Geographic Books

Hal Orion is an accomplished chef and food truck owner. She loves her life, her longtime sous chef and best friend, and the food she shares with the residents of her beloved city of Buffalo. Her life is exactly how she wants it: no strings, no commitments, and no roots—just great grilled cheese and a whole lot of freedom on the side. Quinn Banning is an investment banker, and the dividend she seeks is a resurgence of the once-great city of Buffalo. Putting together her next business venture, she recognizes Hal's talent and charm as necessary assets for success—her good looks don't hurt, either. But Hal's transient ways are in direct opposition to the stability Quinn craves. Relying on their shared love of Buffalo, Quinn makes Hal an offer she can't refuse—a restaurant under her own name, complete creative control, and secure financial backing. It's every chef's dream. But Hal utters the one word Quinn can't stand to hear, "No." Will their physical

attraction grow cold as they argue over their ideals, or will they find that the most distinctive ingredients often make for the perfect pairing? Rachel Spangler is the author of nine lesbian romance novels and novellas, and the winner of two Golden Crown Literary Awards. She pens the popular blog, Wonder Boi Writes, and lives with her wife and son in western New York.

“You either love Andrea Camilleri or you haven’t read him yet. Each novel in this wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction, blasts the brain like a shot of pure oxygen...transporting. Long live Camilleri, and long live Montalbano.”

—A.J. Finn, #1 New York Times bestselling author of *The Woman in the Window* Andrea Camilleri’s Inspector Montalbano novels have become an international sensation, with fans eagerly awaiting each new installment. In *Game of Mirrors*, Inspector Montalbano and his colleagues are stumped when two bombs explode outside empty warehouses—one of which is connected to a big-time drug dealer. Meanwhile, the alluring Liliana Lombardo is trying to seduce the Inspector over red wine and arancini. Between pesky reporters, amorous trysts, and cocaine kingpins, Montalbano feels as if he’s being manipulated on all fronts. That is, until the inspector himself becomes the prime suspect in an unspeakably brutal crime.

This title has been designed to be a role specific handbook for senior managers and project board members, which describes how to oversee projects being managed using PRINCE2. The guide sets PRINCE2 in the wider context of project management (but still non-specific for industry sector) and describes or cross-references techniques which support the PRINCE2 method. The title contains chapters on: the duties and behaviour of the Project Board; the Project Board's activities, covering starting up a project, authorising initiation,

authorising a project, authorising a stage, giving ad hoc direction, authorising closure, reviewing benefits, tailoring PRINCE2. 'Directing Successful Projects with PRINCE2' forms part of a pair of publications that are the result of the PRINCE2: 2009 Project to update the PRINCE2 guidance. Its companion is 'Managing Successful Projects with PRINCE2' (ISBN 9780113310593).

To Live Is Christ Igloo Books

Get the Most Bang for for Your Buck Step up your venison cooking game with fresh field-to-table recipes that make the most of your whole harvest from shoulder to shank. Venison cooking is for everyone, and Allie Doran, creator of Miss Allie’s Kitchen, shows you how to make sure every meal you make is as tender, flavorful and easy as possible, from the Easiest Black Pepper Jerky to Red Wine–Braised Short Ribs with Herb Gremolata. In this recipe collection, you’ll learn all the skills you need to start cooking the best game meals of your life beyond basic stewing. Break down sinewy sirloin with tenderizing marinades, use the fat in neck meat to make mouthwatering barbacoa or even cube up tough flank meat for tacos and kebabs. Soon you’ll find there’s no such thing as a bad cut of meat when you’re cooking it right! Even less experienced cooks can get superior quality meals—with helpful sections on field dressing your deer and suggestions for which cuts to use for every dish. In no time at all, you can break out a Wild Game Charcuterie Board for a party, level up your brunch with Southern-Style Sausage Gravy or have a date night in with the impressive Roasted Whole Tenderloin with Peppercorns. Full of hearty recipes for every cut of meat and every occasion, *Venison Every Day* will never leave you wondering what to do with a freezer full of deer again.

A Voice in the Night is the twentieth compelling crime novel in the phenomenally successful Inspector Montalbano series by Andrea Camilleri. Feeling his age, as his birthday rolls round once again, Inspector Montalbano decides to cheer himself up by dealing with a young driver’s road rage in his own unique way. But his joy is short-lived, as at police headquarters he receives an angry phone call from a supermarket boss: there’s been a robbery at his store and Montalbano’s colleague is treating him as a suspect. On arrival at the scene, Montalbano quickly agrees with Inspector Augello that this was no ordinary break-in, but with the supermarket’s infamous links to the Sicilian Mafia creating problems at every turn, this isn’t going to be an easy case for the inspector to solve. And to add to the inspector’s burden, the young driver he
