Canon EOS Rebel T7/2000D User Guide
An All in One Guide to Master your Canon EOS R6 The Canon EOS Rebel T7 / 2000D is an entry-level DSLR targeted toward first-time ILC users and smartphone upgraders. Like the 1300D, the 2000D is designed to suit novice photographers. Canon is aiming it at people moving up from a smartphone or compact camera to their first interchangeable lens model. And as the 1300D was very successful at that, Canon hasn't

changed a great deal for the 2000D. The most notable difference is the upgrade to the sensor. Taking the perfect shot requires more than just years of experience and good lighting!
