Two of America's most popular authorities on healthy eating and cooking join forces in this inspiring, easy-to-use cookbook. This is not a diet book. It is a lively guide to healthy cooking, day-by-day, packed with essential information and, above all, filled with enticing food. Andrew Weil, M.D.—author of the best-selling *Eating Well for Optimum Health*—brings to this perfect collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley—acclaimed for her best-seller, *In the Kitchen with Rosie*—brings to it her innovative and highly flavorful spa cuisine. The recipes are eclectic, drawing from the healthy and delicious cooking of the Middle East, the Mediterranean, and Asia, among other cuisines. For starters, you might try Grilled Satay or a Miso Pâté; for soup, often a meal in itself, a hearty Mixed-Bean Minestrone Stew or a Roasted Winter Squash and Apple Soup with Cilantro Walnut Pesto; a special entrée could be the Savory Roasted Cornish Hens with Roasted Garlic or Baked Spicy Tofu with Bean Thread Noodles, Corn, and Mango; for a simple supper, Turkey Burgers or Portobello Burgers; and for the occasional indulgence, a dessert of Almond Fruit Tart or Peach and Blueberry Cobbler. Andy and Rosie do not always agree. When Rosie calls for chicken, Andy offers a tofu alternative; she likes the flavor of coconut milk, whereas he prefers ground nut milk; when she makes a pastry with butter, he suggests using Spectrum Spread. There are no hard-and-fast rules. Lifelong health begins in the kitchen, so this is a

lifestyle book as well as a cookbook. In it you will learn from Dr. Weil:

- how to make use of nutritional information in everyday cooking
- what is organic . . . and how to buy organic foods
- the importance of reading labels and what to look for
- sensible advice about eggs, milk, cheese, salt, spicy foods, wine, coffee
- the facts about sugar and artificial sweeteners . . . and from Rosie:
- how to get kids involved—from skinning almonds to layering lasagna
- ways to have fun in the kitchen—creating scallion firecrackers and radish rosettes
- low-fat and nondairy alternatives for those with special concerns
- smart menu planning—letting the seasons be your guide . . . and lots more. This revolutionary book will change forever the way you cook for yourself and your family. With 58 photographs in full color.

It's Aya's wedding day. Her third. Her current two husbands aren't too fussed. In a society in which there are few women, that's just what happens. But as the household prepares for the wedding feast, a stranger arrives – one who threatens to challenge everything they believe in. Against a backdrop of modern rural India, Sharmila Chauhan weaves an extraordinary tale of love and wonder. From the preparation of luxury food and the sacrifice of the lamb to the dressing of the bride and the dance to end all dances, this will be an exuberant, joyful and challenging piece of theatre. 'In parts of India, polyandry has become a necessity. Gendercide, as a consequence of the ancient preference for boys, the modern desire for smaller families and the increasing availability of ultrasound techniques to detect the gender of a baby still in the womb means that the number of females is declining. I wrote The Husbands both as a response to this but also as an exploration of the complexity of love, intimacy and trust between one woman and three men where gender differences and expectations are amplified. In a sense this play is as much a warning as an allegory for the fate of women in The West today.' - Sharmila Chauhan

Originally published to great acclaim in 1976, *The American Monument* has become one of the most sought-after photography publications of the 20th century. Long out of print, this second edition is once again available again for all to enjoy and own. Published in the same oversized format as the first edition with exquisite duotone reproductions of the original 213 photographs the album of post-bound single sheets can easily be disassembled for display. Considered by many, including Friedlander himself, to be one of his most important books, *The American Monument* has influenced generations of photographers, curators and art historians. The second edition includes the original essay by Eakins Press founder Leslie George Katz along with a new essay by eminent past NYCs Museum of Modern Arts photography curator and Friedlander scholar Peter Galassi, which illuminates the history and continued significance of this iconic artist and this early publication. The deeply influential American curator of photography at MoMA during the 1960s-70s, John Szarkowski (1927-2007), stated: I am still astonished and heartened by the deep affection of those pictures, by the photographers tolerant equanimity in the face of the facts, by the generosity of spirit, the freedom from pomposity and rhetoric. One might call this work an act of high artistic patriotism, an achievement that might help us reclaim that word from ideologues and expeditors. Lee Friedlander is the recipient of three Guggenheim Fellowships as well as a MacArthur Fellowship. He has published more than 50 monographs since 1969, and exhibited extensively around the world for the past five decades, including a major retrospective at the MoMA, NY, in 2005.
