your images online. You can After the Clone Wars, the Galactic Empire spared no expense to build a massive fleet of warships to enforce Imperial rule, intimidate defenseless worlds, and destroy all opposition. However, the Imperial Navy underestimated Rebel Alliance fighter pilots, who flew X-wing, Y-wing, Awing, U-wing and B-wing starfighters, and whatever else they could obtain to fight their Imperial enemies. Decades later, Resistance pilots would fly nextgeneration versions of Rebel

starfighters against the First Order The Rebel Starfighters Owners ' Workshop Manual presents a books. This Haynes Manual thorough history of the starfighters that served the Rebel Alliance and the Resistance. The history includes design origins, production, and modifications for each Rebel starfighter, and is fully illustrated with numerous photographs, schematics, exploded diagrams, and computer-generated artwork by Star Wars vehicle experts Chris Reiff and Chris Trevas. aspects of the manual

Text is by Ryder Windham, author and co-author of more than 70 Star Wars is the most thorough technical guide to Rebel starfighters available, and is fully authorized and approved by Lucasfilm. Parentology Routledge Training Circular (TC) 3-09.81, "Field Artillery Manual Cannon Gunnery," sets forth the doctrine pertaining to the employment of artillery fires. It explains all

cannon gunnery problem and presents a practical application of the science of ballistics. It includes step-by-step instructions for manually solving the gunnery problem which can be applied within the framework of decisive action or unified land operations. It is applicable to any Army personnel at the battalion or battery responsible to delivered field artillery fires. The principal audience for ATP 3-09.42 is all members of the Profession of Arms.

This includes field artillery Soldiers and combined arms chain of command field and company grade officers, middle-grade and senior noncommissioned officers (NCO), and battalion and squadron command groups and staffs. This manual also provides guidance for division and corps leaders and staffs in training for and employment of the BCT in decisive action. This publication may also be used by other Army organizations to assist in

their planning for support Knopf of battalions. This manual An award-winning builds on the collective scientist offers his knowledge and experience unorthodox approach to gained through recent childrearing: operations, numerous " Parentology is exercises, and the brilliant, jaw-droppingly deliberate process of funny, and full of informed reasoning. It is wisdom...bound to rooted in time-tested change your thinking about parenting and its principles and fundamentals, while conventions " (Amy accommodating new Chua, author of Battle technologies and diverse Hymn of the Tiger threats to national Mother). If you' re like security. many parents, you Canon PowerShot might ask family and friends for advice when **Digital Field Guide** 

faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd. needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from

bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn Conley's sassy kids not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to

draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive-even when show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons

that go down easy. You ' II be laughing and learning at the same time.
