The book has two aims: the first is to act as the constant pocket companion for the Leica Collector in his travels; the second is to help Leica enthusiasts who want to study fascinating accessories in greater depth. It covers the whole period from 1924 to Spring 1996 and will enable the reader to place an individual accessory in its historical context with contemporary Leica models and lenses. We're in the midst of a digital media-making revolution--and the Canon© Vixia© G10 and XA10 camcorders are at the forefront. Blurring the line between 'prosumer' and professional, the G10 and XA10 are sharper, cleaner, more compact, more portable, and boast more professional features than any prior palm-sized camcorder in their price range. This book is a comprehensive field guide to the concepts, strategies, equipment, and procedures for achieving the best results possible with Canon's top-of-the-line palm-sized camcorders. The guide focuses on the specific features of the Canon Vixia HF G10 and XA10, but users of other camcorders in the Vixia series, the Legria series (shooting PAL), and other camcorders will find a wealth of relevant information. With a high-definition palm-sized camcorder such as the Canon Vixia G10 or XA10, your potential is limited only by your imagination and your resourcefulness.

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.
