A fresh, new translation of Augustine's inaugural work as a Christian convert. The first four works written by St. Augustine of Hippo after his conversion to Christianity are the "Cassiciacum dialogues," which have influenced prominent thinkers from Boethius to Bernard Lonergan. In this second, brief dialogue, expertly translated by Michael Foley, Augustine and his mother, brother, son, and friends celebrate his thirty-second birthday by having a "feast of

words" on the nature of happiness. They conclude that the truly happy life consists of "having God" through faith, hope, and charity.

A Little Life Back Bay Books

We have all asked ourselves the questions, "What am I doing here?" and "Where am I going?" and "What point is there to life?" The book of Ecclesiastes takes up these questions in an extremely honest and frank way. Unfortunately, the book of Ecclesiastes is one that is often neglected by readers of the Bible because they find it to be, in their opinion, overly pessimistic. This book helps us understand the pessimism which those who don't have a relationship with Christ may live. It will help us understand the fear and frustration of people and the foolish extents to which they go in an attempt to deal with these feelings. We will also discuss the value of having a relationship with God in this life and in the life to come.

Can't Be Satisfied is that rare

thing in musical biographies: a book that maps out not just a single, extraordinary life but the cultural forces that shaped it' Sean O'Hagan, Observer

Muddy Waters was the greatest blues musician ever, and the most influential. He invented electric blues, inspired the Rolling Stones and created the template for the rock 'n' roll band and its wild lifestyle. Robert Gordon's definitive biography vividly chronicles the extraordinary life and personality of the musical legend who changed the course of modern popular music.

"A sumptuous feast."--HALEY STEWART, author of Jane Austen's Genius Guide to Life "Her unflappable hope and sense of enchantment radiate through every page."--BOZE HERRINGTON, novelist "Lyrical prose and delightful storytelling."--THE REV. DR. GLENN PACKIAM Discover the Way Toward a Lighter, Braver, and Wiser Life This old world can be exhausting, despairing, and cynical. But you don't have to be. Instead, you can unlock the power to a happy life--an act of defiance that will make you more resilient in times of turmoil, pain, and chaos. Cultivating happiness takes grit, determination, and a good sense of humor. It's not always easy, but it's well worth it. Beloved writer Joy Marie Clarkson leads the way, crafting an audacious case for happiness no matter what you're going through. With her signature humor and lyrical storytelling, Joy offers an irresistible invitation: "If we

accept that life will be full of difficulties and sorrows, we then have two options: to resign ourselves to life generally being a bummer, or to seek enjoyment, delight, and hope in the midst of (and in spite of!) life's up and downs. To put it bluntly: You could choose to cultivate happiness, or you could not. . . . I think we should go for it." Go, therefore, and choose an aggressively happy life. Happy Ever After CUA Press Christianity centers on the life and death of Jesus as Christ. Often Christians focus on the importance of Christ's Sacrifice as the means of human salvation, and the faithful are encouraged to imitate this suffering through self-sacrifice and self-denial. More than a few Christians, particularly women, have found such encouragement to self-sacrifice to be a means for continuing oppression--men over women, colonizers over the colonized, the powerful over the powerless. In The Satisfied Life,

Jane McAvoy constructs a feminist theology of atonement--or satisfaction for sin--that draws on the insights of six medieval women mystics: Julian of Norwich, Mechthild of Magdeburg, Hildegard of Bingen, Margery Kempe, Hadewijch of Brabant, and Catherine of Siena. These Christian writers reveal alternatives to a theology of oppression. Salvation, for them, means experiencing the death and resurrection of Christ not as life-denying, but as a life-affirming celebration of God's love for us through the sustaining love of Jesus.

Fahrenheit 451 Harrison House Publishers

By Australia's greatest contemporary author, an elegant, succinct meditation on what makes for a happy life. ;-)"Happiness surely is among the simplest of human emotions and the most spontaneous," says David Malouf. But what exactly are we looking for when we chase happiness? At this particular moment in history, privileged, industrialized nations have lessened much of what makes us unhappy: widespread poverty, illness, famine. Yet we are still unfulfilled, turning increasingly to yoga, church, Match.com, drugs, clinical therapy and retail therapy. What is at the root of our collective stress, and how can we find our way to contentment? Drawing on mythology, philosophy, art and literature, Malouf traces our conception of happiness throughout history, distilling centuries of thought into a lucid narrative. He discusses the creation myths of

ancient Greece and the philosophical schools of Athens, analyzes Thomas Jefferson's revolutionary declaration that "the pursuit of happiness" is a right, explores the celebration of sensual delight in Rembrandt and Rubens and offers a perceptive take on a modern society growing larger and more impersonal. With wisdom and insight, Malouf investigates that simplest, most spontaneous of feelings and urges us to do the same.
