Global capitalist society appears to be entering a new phase, yet the social sciences seem ill equipped to elucidate the systemic dynamics of this transformation. Against this background, the 3CT module on History, Social Theory, and Capitalism seeks to interrogate the relation of social and economic inquiry to changes in the large-scale configurations of society, economy and polity.

Capitalism and Modern Social Theory: An Analysis Of The ...

One of the main objectives of Capitalism and Modern Social Theory is to dispel some of the obscurities and misunderstandings which have resulted. The first three sections of the book, based on close textual examination of the original sources, contain separate treatments of each writer.

Social capitalism explicitly values all forms of capital, including social capital, human capital, and natural capital. Capitalism describes an economic system in which a society's means of production are held by private individuals or organizations, not the government.

Capitalism and Modern Social Theory: An Analysis of the ...

While Giddens' "Capitalism and Modern Social Theory" is a wonderful exposition on three great theorists, it is also a reiteration of sociology's conservative self-definition as the science of modernity. Even though they often call our current society "post-modern", sociologists are still caught up in the same old game.
