Christ's robe has a strange effect on the pagan soldier who wins it in a dice game after the Crucifixion.

The Condition Of The Working-Class In England In 1844 Vintage

"The Condition of the Working-Class in England in 1844" by Frederick Engels is a powerful indictment of the Industrial Revolution's detrimental impact on workers. Engels meticulously demonstrates how industrial cities like Manchester and Liverpool experienced alarmingly high mortality rates due to diseases, with workers being four times more likely to succumb to illnesses like smallpox, measles, scarlet fever, and whooping cough compared to their rural counterparts. The overall death rate in these cities far surpassed the national average, painting a grim picture of the workers' plight. Engels goes beyond mortality statistics to shed light on the

dire living conditions endured by industrial workers. He argues that their wages were lower than those of pre-industrial workers, and they were forced to inhabit unhealthy and unpleasant environments. Addressing a German audience, Engels' work is considered a classic account of the universal struggles faced by the industrial working class. It reveals his transformation into a radical thinker after witnessing the harsh realities in England. "The Condition of the Working-Class in England in 1844" remains an essential resource for understanding the hardships endured by workers during the Industrial Revolution. Engels' meticulous research and impassioned arguments continue to shape discussions on labor rights, social inequality, and the historical agency of the working class.

HarperCollins

The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

Washington's Farewell Address A&C Black

Emily Bronte was an English novelist & poet, who is best known for her only novel, "Wuthering Heights: She has written poems also such as - ' Poems by Currer, Ellis and Action Bell ', ' A Death Scene ', ' To a Wreath of Snow, and lots Many. ' Wuthering Heights ' is a highly imaginative work of passion and hate. Author was interested in mysticism and used to enjoy her solitude outdoors. This novel consists of those elements. It is now considered a classic of English literature. It was published under the pseudonym - "Ellis Bell " The story is full of high creativity and very imaginative. It narrates revenge also. It revolves around the main character, Heathcliff.

Wuthering Heights is his farmhouse. Heathcliff is a young orphan, who was brought by Earnshaw at Wuthering Heights, 30 years ago. Earnshaw loves him (Heathcliff) so much, even neglects his own children. After death of Earnshaw, his elder son Hindley becomes the new master of Wuthering Heights and he allows Heathcliff to stay there only as a servant. Catherine is in love with Heathcliff, but doesn't show due to her social statue. The story thus seems very interesting and it ends with sights of the ghosts of Catherine and Heathcliff. It consists of many ups and downs Readers will Surely going to enjoy the novel. It ' s Heartthrobing and it ' s very difficult to getup without reading the novel - fully.

The ultimate service manuals! Bentley manuals are the only comprehensive, single source of service information and specifications available

for BMW cars. These manuals provide the highest level of clarity and completeness for all service and repair procedures. Enthusiasts, do-it-yourselfers, and professional technicians will appreciate the quality of photographs and illustrations, theory of operation, and accurate step-by-step instructions. If you are looking for better understanding of your BMW, look no further than Bentley. Even if you do not repair your own vehicle, knowledge of its internal workings will help you when discussing repairs and maintenance with your professional automotive technician. This Bentley Manual is the only comprehensive, single source of service information and specifications available

specifically for BMW 5 Series from 1997 to 2002. The aim throughout this manual has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures and accurate specifications. Whether you are a professional or a do-it-yourself BMW owner, this manual will help you understand, care for and repair your E39 5 Series. Though the do-it-yourself BMW owner will find this manual indispensable as a source of detailed maintenance and repair information, the BMW owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional

technician.
Webster's New World Law Dictionary BoD – Books on Demand
In preparing a book of etiquette for ladies, I would lay down as the first rule, "Do unto others as you would others should do to you." You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be impolite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and

ceremonies, which are meant both to please others and ourselves, and to make others pleased with us; a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; there can be no true politeness without kindness, purity, singleness of heart, and sensibility.

"The Machine Stops" is a science fiction short story (12,300 words) by E. M. Forster. After initial publication in *The Oxford and Cambridge Review* (November 1909), the story was republished in Forster's *The Eternal Moment and Other Stories* in 1928. After being voted one of the best novellas up to

1965, it was included that same year in the populist anthology *Modern Short Stories*. [1] In 1973 it was also included in *The Science Fiction Hall of Fame, Volume Two*. The story, set in a world where humanity lives underground and relies on a giant machine to provide its needs, predicted technologies such as instant messaging and the Internet.

The Varieties of Religious Experience: A Study in Human Nature Random House

A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the

prisoner's body to his soul. The State Echo Library The State is a brilliant analysis of some of the fundamental issues of modern political thought from the perspective, not of individuals or subjects, but of the state itself. The author poses the query, "What would you do if you were the state?" The state usually is understood as an instrument, not a personality, and it is presumed to exist so that people can achieve their common ends. However, Jasay asks, what if we suppose the state to have a will and ends of its own? To answer these questions, the author traces the logical and historical progression of the state from a modest-sized protector of life and property through its

development into an "agile seducer of democratic majorities, to the welfare-dispensing drudge that it is in many countries today ... Is the rational next step a totalitarian enhancement of its power?" The State presents what has been termed "a disturbingly logical 'agenda' for the state in pursuit of its 'self-fulfillment.'"--Inside jacket flap.

Socialism - An Economic and Sociological Analysis

Createspace Independent Publishing Platform Maurice Blanchot, the eminent literary and cultural critic, has had a vast influence on contemporary French writers--among them Jean Paul Sartre and Jacques Derrida. From the 1930s through the present day, his writings have been shaping the international literary consciousness.

The Space of Literature, first published in France in 1955, is central to the development of Blanchot's thought. In it he reflects on literature and the unique demand it makes upon our attention. Thus he explores the process of reading as well as the nature of artistic creativity, all the while considering the relation of the literary work to time, to history, and to death. This book consists not so much in the application of a critical method or the demonstration of a theory of literature as in a patiently deliberate meditation upon the literary experience, informed most notably by studies of Mallarmé, Kafka, Rilke, and Hölderlin. Blanchot's discussions of those writers are among the finest in any language.

The Castle of Otranto is a book by Horace Walpole first published in 1764 and generally regarded as the first gothic novel. In the second edition, Walpole applied the word 'Gothic' to the novel in the subtitle - "A Gothic Story". The novel merged medievalism and terror in a style that has endured ever since. The aesthetics of the book shaped modern-day gothic books, films, art, music and the goth subculture

The Best Nonfiction Masterpiece of the 20th Century? " There are two lives, the natural and the spiritual, and we must lose the one before we can participate in the other. " - William James, The Varieties of Religious Experience: A Study in Human Nature
The Varieties of Religious Experience: A Study in Human Nature is not a book about a specific religion. The author, psychologist Williams James does not try to convince the reader one religion is better than the other. He doesn ' t even make a case for atheism and the scientific approach. The book is in fact about human nature and how we experience religion at a psychological level.
