Car stereo metal mounting straps are fantastic for installation and will make building & installing an amp rack much easier. You can buy them finished in black, which I highly recommend, or with the standard metal finish. 9? straps are fine in most cases, and you can buy a 5 pack or similar to save money.

The AGU fuse holder is simple to install as it just requires stripping off a small amount of the positive power cable then inserting it into the fuse holder receptacle before tightening the fastening screw.

Both the wire insulation and fuse

holder plastic housing look distinctively different and will really set your installation apart.
