Form college graduate to National Sales Manager in ten years, by utilizing the *How to Get Your Dream Job in 60 days* book, seminar and coaching program.

Knock 'em Dead Cover Letters Cuvillier Verlag

Why is it so hard for married couples to get in sync with each other? How is it that your mate can be a source of joy and of frustration all on the same day? Marriages operate by a secret language—a collection of key words, actions, insights, and attitudes that determine how a couple 's relationship works. If that language is uncovered, love grows and flourishes. If that language remains a mystery, love gets buried behind misunderstandings and irritations. Bill and Pam Farrel, authors of the bestselling *Men Are Like Waffles, Women Are Like Spaghetti*, offer biblical and practical insight into this language that God has programmed into each married couple. Laced with the Farrels '

trademark humor, *The Secret Language of Successful Couples* is packed with ideas to help couples connect at a richer, deeper level. As both partners grow in relationship with God and rely on the Spirit for insights into the heart of their mate, they can replace their old, selfish languages with a new one that leads to greater intimacy in every area of life. **Rerelease of The Marriage Code.**

More Than Half the Sky ? BenBella Books, Inc.

A step-by-step system for mastering trading psychology. Think about your most costly and recurring trading mistakes. Chances are that they're related to common errors, such as chasing price, cutting winners short, forcing mediocre trades, and overtrading. You've likely tried to fix these errors by improving your technical skills, and yet they persist. That's because the real source of these mistakes is not technical—they actually stem from greed, fear, anger, or problems with confidence and discipline. If you are like most traders, you probably overlook or misunderstand mental and emotional obstacles. Or worse, you might think you know how to manage them, but you don't, and end up losing control at the worst possible time. You're leaving too much money on the table, which will either prevent you from being profitable or realizing your potential. While many trading psychology books offer sound advice, they don't show you how to do the necessary work. That's why you haven't solved the problems hurting your performance. With straight talk and practical solutions, Jared Tendler brings a new voice to trading psychology. In *The Mental Game of Trading*, he busts myths about emotions, greed, and

discipline, and shows you how to look past the obvious to identify the real reasons you're struggling. This book is different from anything else on the market. You'll get a step-by-step system for discovering the cause of your problems and eliminating them once and for all. And through real stories of traders from around the world who have successfully used Tendler's system, you'll learn how to tackle your problems, improve your day-to-day performance, and increase your profits. Whether you're an independent or institutional trader, and regardless of whether you trade equities, forex, or cryptocurrencies, you can use this system to improve your decision-making and execution. Finally, you have a way to reach your potential as a trader. Now's the time to make it happen.

Planning your career just got easier Very few of us put much effort into planning for the kind of career we want. Thinking about where we are going at work is something we all need to do throughout our working lives. The nature of work and employment is always changing. When economic times are difficult, you need to show potential employers that you have something special to offer. You may also need to be more flexible in your plans. New kinds of jobs emerge all the time and many labour markets are becoming increasingly specialized. This means you need to find out more about the kinds of jobs that interest you, and you need to understand what employers are looking for and how people get these jobs. By working through a simple series of steps and exercises, you can help yourself to be clearer about what you want, what your options are, and how to move forward. Exercises in each chapter will help you build a collection of information and reflect on what you are learning about yourself and the process of career planning as you go along. Planning Your Career In A Week looks at one step in this process of career planning on each day of the week: Sunday: What do you want from work? Monday: What kind of

job would you enjoy? Tuesday: What are you good at?

Wednesday: Identifying your career options Thursday: Collecting information Friday: Making the choice Saturday: Taking the first steps

Nail That Interview McGraw-Hill

Break the rules and take charge of your career! The traditional job-search approaches just don't work anymore, and the days of trusting your career to your employer are long over. The new-millennium workplace requires all of us to rewrite the rules and start treating our careers like we're running a business—which means understanding the markets for our talents, knowing our value, and looking out over the horizon to plot our paths going forward. Liz Ryan is a former Fortune 500 HR SVP and the world's most widely read workplace thought leader. She understands the recruiting system as only an insider can, and she shows you how to stay focused on your goals and distinguish yourself from masses of job seekers. In *Reinvention Roadmap*, you'll discover new tools, such as a "Pain Letter" and your "Human-Voiced Resume" to land not just any job, but a job that celebrates your unique talents and takes you to the level where you want to be. Whether you're entering the workplace or looking to switch careers, you can get the perfect job if you step off the beaten path and follow the approaches insiders use to gain access to the best positions. *Reinvention Roadmap* is the colorful, fun, irreverent, and deeply practical guide to getting the job you want and building the career of your dreams.

Hired 'right' Out of College John Wiley & Sons

Your next professional move can make or break your career. Are you ready? In business, especially today, you are only as successful as your next career transition. Do well, and you'll be on the fast track to even more challenging roles. Fail, and you could irreparably harm your career--and your organization. In his international bestseller *The First 90 Days*, transition guru Michael D. Watkins outlined a set of basic principles for getting up to speed quickly in new professional roles. Since that book was published Watkins has worked with thousands of leaders, helping them to accelerate their transitions. These leaders posed challenging questions on how to apply the basic principles in real-life situations. The truth that emerged: the First 90 Days framework can be applied in every transition, but the way you apply it is entirely different when you have been promoted to a higher level than it is when you are joining a new organization or taking a role in a different country. *Master Your Next Move* answers a distinct need, focusing on the most common types of transitions leaders face and the unique challenges posed by each. Based on years of research, and

now with a new introduction, this indispensable book explores eight crucial transitions virtually everyone encounters during their career, including promotion, leading former peers, onboarding into a new company, making an international move, and turning around a business in crisis. With real-world examples and many practical models and tools, *Master Your Next Move* is your guide to surviving and thriving as you make your next move . . . and every one after that.

Planning Your Career In A Week Anson Reed Limited

DISCOVER:: How to find your passion in life and stay true to your life purpose! Passion - what does the word mean to you? Does it mean that you want to feel passionate about the activities, career, and entertainment in your life or is it a sexual emotion only? Passion is associated with living a purposeful life because people want to matter to someone, if not everyone. Finding your passion in life is going to give you a purpose for living beyond the mundane routine you have been in. You do not have to live your life in a rut, where you lack the passion to try anything new or experience excitement in your career or personal life. It is time for you to discover what a truly amazing person you can be not only for yourself, but for all of those around you. Get excited, enthusiastic, and use passion to help people, directly or indirectly. You have everything you need inside of yourself to make a difference, if only it is a difference in being happy, complete, and productive. You will learn: 1. The definition of passion 2. How to evaluate what you were meant to do 3. How to select a lifestyle that tap into your gifts 4. How to increase time for things that matter 5. Why resorting to deliberate mastery is imperative 6. How to engage in a life of purpose and passion This book contains step by step exercises to: - Discover who you really are - To teach you how to find your passion, stay with it, and feel fulfilled - To use your values to be productive - Above all how to live feeling complete and happy Only you can change your purpose in life through changing your career

goals, your career, or the rut you are currently living in. Discover if you have a passion for being a caregiver, writer, painter, or any other purposeful person in life. Your true mastery of your talents and gifts are the best way for you to succeed and feel great about yourself.
