This invaluable resource will help anyone in need of direction match who they are with what they should do -- for a lifetime of gratifying work and greater success.

Harvard Business Press

Work isn't supposed to be a four-letter word! Does the work you do matter to you? Are you unsure what you want to do for a living? Are you in the right place but looking to advance? No matter where you are in your career, you were born to do work you love. National bestselling author and career expert Ken Coleman was stuck in an unfulfilling career until he realized he didn't have to be. In his latest book, he draws on what he learned from his own ten-year journey as well as from coaching thousands of others to walk you through the seven stages to discovering and doing meaningful work. Relevant to any job or industry, you'll learn step-by-step how to: Get Clear on the work you were uniquely made to do and why. Get Qualified to do the work you were created for. Get Connected with the right people who can open the doors to your dream. Get Started by overcoming the emotions and mistakes that often hold people back. Get Promoted by developing winning habits and traits. Get Your Dream Job by doing work you love and accomplishing results that matter to you. Give Yourself Away by expanding the dream to leave a legacy. This is your moment. You are needed, and you were made to contribute. It's time to exit the daily grind and use your talents to start living your dream once and for all.

More Than Half the Sky ? Cambridge University Press

Break the rules and take charge of your career! The traditional job-search approaches just don't work anymore, and the days of trusting your career to your employer are long over. The new-millennium workplace requires all of us to rewrite the rules and start treating our careers like we're running a business--which means understanding the markets for our talents, knowing our value, and looking out over the horizon to plot our paths going forward. Liz Ryan is a former Fortune 500 HR SVP and the world's most widely read workplace thought leader. She understands the recruiting system as only an insider can, and she shows you how to stay focused on your goals and distinguish yourself from masses of job seekers. In Reinvention Roadmap, you'll discover new tools, such as a "Pain Letter" and your "Human-Voiced Resume" to land not just any job, but a job that celebrates your unique talents and takes you to the level where you want to be. Whether you're entering the workplace or looking to switch careers, you can get the perfect job if you step off the beaten path and follow the approaches insiders use to gain access to the best positions. Reinvention Roadmap is the colorful, fun, irreverent, and deeply practical guide to getting the job you want and building the career of your dreams.

This collection offers a distinctly Asian voice for English language education and addresses some of the unique needs of Asian learners in EFL contexts. Teachers and researchers from nine Asian countries present some of the most current and innovative research in five distinct and fascinating areas of EFL teaching and learning.

Career Match Springer

This handbook features a collection of concise guidelines, essential points, and simple, straightforward answers to difficult management questions. Some issues discussed include making the transition from staff to manager, gender issues, managing your boss, how to create a team and make it work, managing interruptions, and dealing with difficult people. Presented with humor and brevity, this text is an essential addition to every nurse manager's library.

Train at Home to Work at Home Xlibris Corporation

Take your first step toward a successful career in medical coding with guidance from the most trusted name in coding education! From bestselling author Carol J. Buck, Step-by-Step Medical Coding, 2016 Edition is a practical, easy-to-use resource that shows you exactly how to code using all current coding sets. Practice exercises follow each 'step' of

information to reinforce your understanding of important concepts. In-depth coverage includes reimbursement, ICD-10-CM, CPT, HCPCS, and inpatient coding, with an Evolve website that includes 30-day access to TruCode? Encoder Essentials. No other text so thoroughly covers all coding sets in one source! 30-day access to TruCode? Encoder Essentials and practice exercises on the Evolve companion website provide additional practice and help you understand how to utilize an encoder product. A step-by-step approach makes it easier to build skills and remember the material. Over 475 illustrations include medical procedures and conditions to help you understand the services being coded. Real-world coding reports (cleared of any confidential information) simulate the reports you will encounter as a coder and help you apply coding principles to actual cases. Dual coding includes answers for both ICD-10 and ICD-9 for every exercise, chapter review, and workbook question to help you ease into the full use of ICD-10. Exercises, Quick Checks, and Toolbox features reinforce coding rules and concepts, and emphasize key information. From the Trenches, Coding Shots, Stop!, Caution!, Check This Out!, and CMS Rules boxes offer valuable tips and helpful advice for working in today's medical coding field. Four coding-question variations develop your coding ability and critical thinking skills, including one-code or multiple-code answers. Official Guidelines for Coding and Reporting boxes allow you to read the official wording for inpatient and outpatient coding alongside in-text explanations. Coders' Index makes it easy to quickly locate specific codes. Appendix with sample Electronic Health Record screenshots provides examples similar to the EHRs you will encounter in the workplace. Online practice activities on Evolve include questions such as multiple choice, matching, fill-in-the-blank, and coding reports. A workbook corresponds to the textbook and offers review and practice with more than 1,200 theory, practical, and report exercises (odd-numbered answers provided in appendix) to reinforce your understanding of medical coding. Available separately. NEW! Separate HCPCS chapter expands coverage of the HCPCS code set. UPDATED content includes the latest coding information available, promoting accurate coding and success on the job.

Step-By-Step Medical Coding, 2016 Edition Frontiers Media SA

Organisations and institutions of higher education are more and more challenged by current economic, social and political conditions to react competitively and innovatively on new requirements, such as demographic change, globalisation or skilled labour shortage. In addition, universities and companies alike, have to compete for the most qualified staff. In order to produce more innovative solutions and to perform better, it is essential to integrate gender and diversity perspectives as important elements of organisational and human resources development. This anthology presents different theoretical and practical approaches, best practice examples and important aspects of gender and diversity management in organisations.

The Influence of Career Stage on the Training Needs of Sales and Marketing Trainers Audiolnk

The core purpose of this distinctive book is to offer academics working in higher education practical support in achieving formal accreditation of their teaching practice with the Higher Education Academy (HEA). It maps a range of key themes against the UKPSF (United Kingdom Professional Standards Framework) and invites readers to engage with the all-important dimensions of practice. This book is relevant both to those who are in the process of preparing an application for an HEA fellowship and to those who are preparing assignments they might be producing for a PG Cert (HE) programme. The book explains the dimensions of practice in detail and offers readers suggestions for ways in which they might engage with particular aspects of the UK PSF at the end of each section and thus evidence the quality of their teaching practice. Each section also offers suggestions on ways to develop teaching as related to the themes. Its distinctive features include: Linking explicitly to the UK PSF (UK Professional Standards Framework) and offering practical advice to those making a fellowship application. Integrating this practical element with some of the wider debates about the purpose of higher education Incorporating a thread of student engagement throughout the book, including students' own perspectives on the themes of the book. Not only will the book support academics following an accreditation route, the book will also be a useful companion text on taught courses since the UK PSF is the overarching framework for people working in HE in a teaching capacity. Whether you are working in higher education or working in college based higher education then this is the book for you.

Reinvention Roadmap Cengage Learning

The definitive guide to developing and managing a successful career in the information profession: Information Professionals and Knowledge Managers deal with significant challenges in building successful careers for a number of reasons associated with common misperceptions of their expertise and roles. In environments where they must often justify their work and value over and over again, those already in the profession need a boost and those just entering need to be prepared for a reality that may differ quite a bit from their expectations. The book is intended to give readers a set of tools and techniques with which to secure a strong career, build an effective brand, and succeed as professionals. Click Here to view the official page for this title on Facebook. Written by opinion leaders and highly respected authorities in the field Draws upon 50-plus years of experience in a variety of settings and roles Offers realistic and honest pointers - no sugar-coating

Nail That Interview John Wiley & Sons

This book investigates how people encounter, experience and shape their careers. Both the concept and the reality of a career is changing as organisations respond to globalisation and market forces. This impact is reflected in the internal labour market and hence career journeys of individuals. How people think about their career and career choices is more diverse than ever before due not only to environmental transformations but also to variations in the workforce, consisting now of five generations. With each new generation, there is little argument that contemplating career choices, seeking and

promoting work opportunities as well as hiring relationships are now markedly different and less certain than previously. People have now and increasingly a greater choice over when, where, how to work and for how long. This book will provide learning for those people early in their careers as well as those in mid to later career, looking to develop or enrich their careers in some way. Understanding how work functions in people's lives; the personal and family costs incurred in maintaining and exiting a career, and how and why remaining or leaving a career is successful or not, is highly relevant. The need for career support, derived from personal, professional and organisational connections plays an important role in career choice, career transition, and career opportunities. Creativity and other 21st century skills, the vital dimensions of career development, is also discussed in this book.

Passion Ramsey Press

Why is it so hard for married couples to get in sync with each other? How is it that your mate can be a source of joy and of frustration all on the same day? Marriages operate by a secret language—a collection of key words, actions, insights, and attitudes that determine how a couple's relationship works. If that language is uncovered, love grows and flourishes. If that language remains a mystery, love gets buried behind misunderstandings and irritations. Bill and Pam Farrel, authors of the bestselling Men Are Like Waffles, Women Are Like Spaghetti, offer biblical and practical insight into this language that God has programmed into each married couple. Laced with the Farrels' trademark humor, The Secret Language of Successful Couples is packed with ideas to help couples connect at a richer, deeper level. As both partners grow in relationship with God and rely on the Spirit for insights into the heart of their mate, they can replace their old, selfish languages with a new one that leads to greater intimacy in every area of life. Rerelease of The Marriage Code.

From Paycheck to Purpose John Wiley & Sons

A step-by-step system for mastering trading psychology. Think about your most costly and recurring trading mistakes. Chances are that they're related to common errors, such as chasing price, cutting winners short, forcing mediocre trades, and overtrading. You've likely tried to fix these errors by improving your technical skills, and yet they persist. That's because the real source of these mistakes is not technical—they actually stem from greed, fear, anger, or problems with confidence and discipline. If you are like most traders, you probably overlook or misunderstand mental and emotional obstacles. Or worse, you might think you know how to manage them, but you don't, and end up losing control at the worst possible time. You're leaving too much money on the table, which will either prevent you from being profitable or realizing your potential. While many trading psychology books offer sound advice, they don't show you how to do the necessary work. That's why you haven't solved the problems hurting your performance. With straight talk and practical solutions, Jared Tendler brings a new voice to trading psychology. In The Mental Game of Trading, he busts myths about emotions, greed, and discipline, and shows you how to look past the obvious to identify the real reasons you're struggling. This book is different from anything else on the market. You'll get a step-by-step system for discovering the cause of your problems and eliminating them once and for all. And through real stories of traders from around the world who have successfully used Tendler's system, you'll learn how to tackle your problems, improve your day-to-day performance, and increase your profits. Whether you're an independent or institutional trader, and regardless of whether you trade equities, forex, or cryptocurrencies, you can use this system to improve your decision-making and execution. Finally, you have a way to reach your potential as a trader. Now's the time to make it happen.

The Nurse Manager's Answer Book Simon and Schuster

For anyone in a dead-end job, stuck in a rut, or out of work, this timely and ground-breaking book is the solution! Have you ever wondered what you were truly meant to do in life? Have you ever felt that you have a higher calling? Let career intuitive Sue Frederick show you the way. In this first-ever book to combine ancient mystical teachings with current career knowledge, Sue reveals how to read destiny clues (the way she reads them for clients) and create a practical plan for moving forward. She illuminates the negative patterns stopping you in your tracks and teaches you to remove them. You walk away with a fresh perspective on your life's direction, and a realization of how powerful you truly are. I See Your Dream Job is a book for anyone who: - Feels stuck in a job - Feels unfulfilled at work - Questions if they're on the right track - Yearns to do something more creative - Dreams of a different path - Has been fired - Has been downsized - Is underpaid and underappreciated - Simply wants something different. "A must read for everyone who would like a step-by-step approach to discovering their life's purpose." - Leslie Gail author of a Life Simplified
