"This debut novel weaves the kind of mannered fantasy that might result if Wes Anderson were to adapt Kafka." --The New Yorker Reminiscent of imaginative fiction from Jorge Luis Borges to Jasper Fforde yet dazzlingly original, The Manual of Detection marks the debut of a prodigious young talent. Charles Unwin toils as a clerk at a huge, imperious detective agency located in an unnamed city always slick with rain. When Travis Sivart, the agency's most illustrious detective, is murdered, Unwin is

suddenly promoted and must embark on an utterly bizarre quest for the missing investigator that leads him into the darkest corners of his soaking, somnolent city. A daily diary of actual interactions between a reference desk librarian and his patrons Reference Librarianship documents a year in the life of a young librarian working in the “ trenches ” at a library in the Midwestern United States. This one-of-a-kind book provides a daily diary of every librarian/patron transaction—no matter how mundane or absurd—to demonstrate not only how advances in technology have affected the reference librarian ’ s job, but how the public ’ s expectations have changed, as well. The book also includes observations by a now-retired reference librarian on the current state of the field based on these unedited interactions. Over the past two decades, the job of reference librarian has seen many changes. But in many ways, reference desk work hasn ’ t changed a bit, with its mix of odd, humorous, routine, and ridiculous requests that capture what it ’ s like to deal with patrons day after day. Reference Librarianship paints a clear picture of the field for library school students, provides emotional and philosophical support to practitioners, and reminds library administrators of what life was like on the “ front lines. ” A sampling of the daily transactions documented in Reference Librarianship: Monday, May 19, 2003: pencil pencil network down I tell people that I can ’ t sign them up for an Internet terminal because the network is down and they just stand there, staring into space One of them asks for three days worth of newspapers microfiche machine explanation Sorry, Sir, the network is still down (multiply by twenty and insert randomly into the remainder of the day) magic tricks, but he pretty much knew where they were One of our large interior plate glass windows shattered. prostitution, you know—whores? ” Someone from the County called to ask if any criminal activity had occurred on a particular street. Someone else referred her to us. She was dubious—with good reason. “ Math puzzles. ” Okay. I show him the books. “ Just math. ” Certainly. I show him the books. “ I need them in Spanish. ” Grrr ... Reference Librarianship is an enlightening, educational, and entertaining look at the real world of reference desk work. It ’ s an essential read for reference librarians (both public and academic), library administrators, and library school students, as well as anyone who works with the public.

For many people, even within the theatre industry, prop making is something of a 'dark art', practised by gifted individuals who manage to produce intricate works battling against short deadlines. However, the skills of prop making are relevant to many industries and contexts, whether for art projects, carnival floats, live action role-play (LARP), model railways or film and television. The options and applications are endless, but the traditional skills remain the same.

The Prop Maker's Workshop Manual is a definitive guide to the materials and practices used within the professional performing arts industries, covering both traditional techniques

and modern practices. Supported by original hand-drawn illustrations and over 300 colour photographs, topics covered include: paper mache and card construction; flexible canes and withies; timber and steel frameworks; sculpting, moulding and casting processes; texture and paint techniques; GRP and epoxy resins; thermoformable plastics, including Plastazote and Wonderflex and finally, an introduction to life casting. Of great interest to technical theatre students, prop makers, artists and film students. Superbly illustrated with 372 colour photographs and 42 original hand-drawn line artworks.

Recently appointed as the new U. S. Poet Laureate, Ted Kooser has been writing and publishing poetry for more than forty years. In the pages of The Poetry Home Repair Manual, Kooser brings those decades of experience to bear. Here are tools and insights, the instructions (and warnings against instructions) that

poets—aspiring or practicing—can use to hone their craft, perhaps into art. Using examples from his own rich literary oeuvre and from the work of a number of successful contemporary poets, the author schools us in the critical relationship between poet and reader, which is fundamental to what Kooser believes is poetry's ultimate purpose: to reach other people and touch their hearts. Much more than a guidebook to writing and revising poems, this manual has all the comforts and merits of a long and enlightening conversation with a wise and patient old friend—a friend who is willing to share everything he's learned about the art he's spent a lifetime learning to execute so well.

Carnival songs resemble a tabloid newspaper in their verve, spirit and range of themes. They are a measure of social change and an annual summary of events and opinion. The songs involve considerable artistry and are renowned as well for their raucous humor and vulgar concerns. (Promiscuity and sexual misalliances are common subjects.) Banned by Franco during the Spanish Civil War, the Cádiz carnival began a revival in the 1960's following decades of repression. This fascinating book examines carnival song and society during the last years of the Franco dictatorship and the succeeding period of the new constitutional monarchy, when

the Andalusians found their voice and Carnival enjoyed an extraordinary florescence. Songs from rural and urban carnivals in several locales throughout the province of C á diz provide a compelling picture of Andalusian life in both troubled and more flourishing times.

In this case the result is "dialogized carnival" or "carnivalized dialogue." In their artmaking, Danow claims, human beings are animated by a periodic predisposition toward the bright side of carnival, matched by an equally strong, far darker predilection. Carnival forms of thinking are firmly embedded within the human psyche as archetypal patterns.

With the emergence of utopia as a cultural genre in the sixteenth century, a dual

understanding of alternative societies, as either political or literary, took shape. In Utopia, Carnival, and Commonwealth in Renaissance England, Christopher Kendrick argues that the chief cultural-discursive conditions of this development are to be found in the practice of carnivalesque satire and in the attempt to construct a valid commonwealth ideology.

Meanwhile, the enabling social-political condition of the new utopian writing is the existence of a social class of smallholders whose unevenly developed character prevents it from attaining political power equivalent to its social weight. In a detailed reading of Thomas More's Utopia, Kendrick argues that the uncanny dislocations, the incongruities and blank spots often remarked upon in Book II's description of Utopian society, amount to

a way of discovering uneven development, and that the appeal of Utopian communism stems from its answering the desire of the smallholding class (in which are to be numbered European humanists) for unity and power. Subsequent chapters on Rabelais, Nashe, Marlowe, Bacon, Shakespeare, and others show how the utopian form engages with its two chief discursive preconditions, carnival and commonwealth ideologies, while reflecting the history of uneven development and the smallholding class. Utopia, Carnival, and Commonwealth in Renaissance England makes a novel case for the social and cultural significance of Renaissance utopian writing, and of the modern utopia in general.

With both an entertainer's eye and a social scientist's rigor, Wayne Parent subjects Louisiana's politics to rational and empirical analysis, seeking and finding coherent reasons for the state's well-known unique history. He resists resorting to vague hand-waving about 'exoticism,' while at the same time he brings to life the juicy stories that illustrate his points. Parent's main theme is that Louisiana's ethnic mix, natural resources, and geography define a culture that in turn produces its unique political theater. He gives special attention to

immigration patterns and Louisiana's abundant supply of oil and gas, as well as to the fascinating variations in political temperaments in different parts of the state. Most important, he delivers thorough and concise explanations of Louisiana's unusual legal system, odd election rules, overwrought constitutional history, convoluted voting patterns, and unmatched record of political corruption. In a new epilogue, Parent discusses how the hurricanes of 2005 will affect state politics and politicians as Louisiana struggles to regain its footing in the New South.

This dual-site ethnography follows the celebration of Carnival from Trinidad to North America, where immigrant Trinidadian-Americans loyally perpetuate this annual cultural event. Philip Scher uses the lens of transnationalism to explore the Carnival tradition transported from Trinidad by the immigrant Trinis living in Brooklyn, New York. As Scher moves back and forth between these two sites, he outlines aspects of the history of Carnival in Trinidad, looking in particular at the ways in which the middle class

appropriated it and incorporated it into their nationalist agenda. Then, outlining the history of Carnival in Brooklyn, he explores in detail the place of Carnival in the lives of Trinians in New York by focusing attention on a mas' camp - the arena of creative activity, from making costumes to general liming. He demonstrates how Trinians, in their attempt to import the folk traditions of their native island into their American lifestyle, have infused Carnival with a new, distinctly American meaning. Scher incorporates case studies and interviews into ideas about how the preparation and reception of cultural rituals serve as a bridge between the original culture and its displacement.

"The moment when a society must contend with a powerful language other than its own is a decisive point in its evolution. This moment is occurring now in American society". Peters explains precisely how ASL literature achieved this moment, tracing its past and predicting its

future in this trailblazing study. Peters connects ASL literature to the literary canon with the archetypal notion of carnival as "the counterculture of the dominated". Throughout history carnivals have been opportunities for the "low", disenfranchised elements of society to displace their "high" counterparts. Citing the Deaf community's long tradition of "literary nights" and festivals like the Deaf Way, Peters recognizes similar forces at work in the propagation of ASL literature. The agents of this movement, Deaf artists and ASL performers -- "Tricksters", as Peters calls them -- jump between the two cultures and languages. Through this process they create a synthesis of English literary content reinterpreted in sign language, which also raises the profile of ASL as a distinct art form in itself. Peters applies her analysis to the craft's landmark works, including Douglas Bullard's novel *Islay* and Ben

Bahan's video-recorded narrative *Bird of a Different Feather*. Deaf American Literature, the only work of its kind, is its own seminal moment in the emerging discipline of ASL literary criticism.
