How to Tie Simple Carp Rigs for Beginners - Carp Answers

In making carp fishing rigs, the size 8 is the best choice for you to make, as small ones would mean less knotting. It's important to remember that the swivel you are to use should be as reliable as it can be, as this serves as the final link between the main fishing line and the rig itself which the carp would eventually catch.

This would not be a carp rig guide without mentioning sweetcorn, or pop up corn. A carp rig 'tipped with corn' can be the difference between a blank and a life changing session. You should always put 100% into getting rig presentation just right, whether you use boilies, pop ups, corn or tiger nuts. What Type of Corn Should I Use?

Carp Fishing Rigs - A guide to carp rigs by Angling Iron

Basic Mono Rig. This rig is the 1 st rig I would start with, there are no fancy components needed and once mastered you can also swap to fluro carbon or any other hook link materials. At its heart is the knotless knot which since its development has revolutionized carp fishing almost as much as the hair rig.
