Carrie Host knows that the diagnosis of a life-threatening illness takes a split second to change your life. When told

at forty, with her youngest child just nine months old, that she had a rare form of cancer known as carcinoid tumor, Host felt as if she'd been hurled into a raging river, stripped of all forms of potential rescue. Between Me and the River is Host's candid and uplifting memoir of how she found the strength and fortitude to triumph over this disease, and craft a new and meaningful life. The voyage of this strong-minded, openhearted

woman is told with uncompromising honesty and respect for the miracles that medicine and love can work. Host's unquenchable sense of humor in the midst of suffering creates poignant moments of laughter through tears. Bracing, lyrical and deeply moving, *Between Me and the River* is a tribute to one life, and all lives, rerouted by illness. Nothing to Do But Stay Simon and Schuster Two lives. Two worlds apart. One

deeply compelling story set in both Bosnia and the United States, spanning decades and generations, about the brutality of war and the trauma of everyday life after war, about hope and the ties that bind us together. Zara and her mother, Nadja, have a strained relationship. Nadja just doesn't understand Zara's creative passion for, and self-expression through, photography. And Zara doesn't know how to reach beyond their differences and connect to a closed-off mother

who refuses to speak about her past in Bosnia. But when a bomb explodes as they're shopping in their local farmers' market in Rhode Island, Zara is left with PTSD--and her mother is left in a coma. Without the opportunity to get to know her mother, Zara is left with questions--not just about her mother, but about faith, religion, history, and her own path forward. As Zara tries to sort through her confusion, she meets Joseph, whose grandmother is also in the

hospital, and whose exploration of religion and philosophy offer comfort and insight into Zara's own line of thinking. Told in chapters that alternate between Zara's present-day Providence, RI, and Nadja's own childhood in Bosnia and Herzegovina during the Bosnian War of the 1990s, *We Are All That's Left* shows the ways in which, no matter the time and place, struggle and tragedy can give way to connection, healing and love. ' No motive is

of both. And sometimes life actually gives to you by taking away.' Carrie Fisher in *Wishful Drinking*. In *Wishful Drinking*, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie called *Star Wars* when only 19 years old. "But it isn't all sweetness and light sabres." Alas, aside from a demanding career and her role as a single mother (not to mention the hyperspace

hairdo), Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale: from having Elizabeth Taylor as a stepmother, to marrying (and divorcing) Paul Simon, and from having the father of her daughter leave her for a man, to ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as *The Blues*

Brothers and Sisters and *When Harry Met Sally*. She was the author of four bestselling novels, *Surrender in the Pink*, *Delusions of Grandma*, *The Best Awful* and *Postcards from the Edge*, which was made into a hit film starring Shirley MacLaine and Meryl Streep. Carrie's experience with addiction and mental illness – and her willingness to talk honestly about them – made her a sought-after speaker and respected advocate. She was truly one of the most magical

people to walk among us. Further praise for Carrie Fisher:-

[Shockaholic] is the finest, funniest chronicler of the maddest celebrity mores.' memoir filled with incredible, candid stories about her life, her famous parents, and how the loss of her unlikely hero, sister Carrie Fisher, ignited the writer in her. Growing up in an iconic Hollywood Dynasty, Joely Fisher knew a show business career was her destiny. The product of world-famous crooner Eddie Fisher and '60s sex kitten Connie Stevens, she struggled with her own identity and place in the world on the way to a decades-long career as an

acclaimed actress, singer, and director. Now, Joely shares her unconventional coming of age and stories of the family members and co-stars dearest to her heart, while stripping bare her own misadventures. In *Growing Up Fisher*, she recalls the beautifully bizarre twist of fate by which she spent a good part of her childhood next door to Debbie Reynolds. She speaks frankly about the realities of Hollywood—the fame and fortune, the constant

scrutiny. Throughout, she celebrates the anomaly of a two-decade marriage in the entertainment industry, and the joys and challenges of parenting five children, while dishing on what it takes to survive and thrive in the unrelenting glow of celebrity. She speaks frankly about how the loss of her sister Carrie Fisher became a source of artistic inspiration. Fisher's memoir, with never-before-seen photos, will break and warm your heart. When Carrie Visintainer became a mother at the age of thirty-two, she worried it was all over, that her adventurous life was done. World travel? Adios. Solo explorations in the mountains? Ciao. Creative outlets? She wondered, are diapers my new white canvas? Immersed in a whirlwind of sleeplessness and spit-up, she was madly in love with her new baby, yet also felt her adventurous spirit and core identity crumbling. So Carrie laced up her boots and set out on a soul-searching journey, with revelations near and far. Inside a local Walmart, she realized that new motherhood is like traveling to a foreign country, with

a new vocabulary, unknowable customs, and extreme jetlag. Lying in a yurt in the Colorado forest, she came to terms with her postpartum depression. While sailing on a gullet off the coast of Turkey, she examined feelings of guilt about leaving her child in pursuit of adventure. And then, while perched in a handsome stranger's motorcycle sidecar in the Mexican jungle, she found herself face-to-face with her central quandary: Domesticity vs. Wanderlust. Finally, she discovered she could-and should-have both.

Deborah Tannen's

You Just Don ' t

revolutionized
communication
between women
and men. Now, in
her most
provocative and
engaging book to
date, she takes on
what is potentially
the most fraught
and passionate
connection of
women ' s lives: the
mother-daughter
relationship. It was
Tannen who first
showed us that men
and women speak
different languages.
Mothers and
daughters speak the

same language – but
still often
misunderstand each
other, as they
struggle to find the
right balance
between closeness
and independence.
Both mothers and
daughters want to
be seen for who they
are, but tend to see
the other as falling
short of who she
should be. Each
overestimates the
other ' s power and
underestimates her
own. Why do
daughters complain
that their mothers
always criticize,
while mothers feel
hurt that their
daughters shut them
out? Why do
mothers and
daughters critique
each other on the
Big Three – hair,

clothes, and weight – while longing for approval and understanding? And why do they scrutinize each other for reflections of themselves? Deborah Tannen answers these and many other questions as she explains why a remark that would be harmless coming from anyone else can cause an explosion when it comes from your mother or your daughter. She examines every aspect of this complex dynamic, from the dark side that can shadow a woman throughout her life, to the new technologies like e-mail and instant

messaging that are transforming mother-daughter communication. Most important, she helps mothers and daughters understand each other, the key to improving their relationship. With groundbreaking insights, pitch-perfect dialogues, and deeply moving memories of her own mother, Tannen untangles the knots daughters and mothers can get tied up in. Readers will appreciate Tannen's humor as they see themselves on every page and come away with real hope for breaking down barriers and opening new lines of

communication. Eye-opening and heartfelt, *You're Wearing That?* illuminates and enriches one of the most important relationships in our lives. "Tannen analyzes and decodes scores of conversations between moms and daughters. These exchanges are so real they can make you squirm as you relive the last fraught conversation you had with your own mother or daughter. But Tannen doesn't just point out the pitfalls of the mother-daughter relationship, she also provides guidance for changing the conversations (or the

way that we feel

before they
degenerate into
what Tannen calls a

aggravating spiral, a
