The Alaskan landscape—so vast, dramatic, and unbelievable—may be the reason the people in Haines, Alaska (population 2,400), so often discuss the meaning of life. Heather Lende thinks it helps make life mean more. Since her bestselling first book, *If You Lived Here, I'd Know Your Name*, a near-fatal bicycle accident has given Lende a few more reasons to consider matters both spiritual and temporal. Her idea of spirituality is rooted in community, and here she explores faith and forgiveness, loss and devotion—as well as raising totem poles, canning salmon, and other distinctly Alaskan adventures. Lende's irrepressible spirit, her wry humor, and her commitment to living a life on the edge of the world resonate on every page. Like her own mother's last wish—take good care of the garden and dogs—Lende's writing, so honest and unadorned, deepens our understanding of what links all humanity.

ZERO-G is the nonstop sequel to Rob Boffard's *Tracer*, a brutal, gripping thrill-ride, where the hero moves like lightning and the consequences for failure are deadly. The clock is ticking down again for Riley Hale. She may be the newest member of Outer Earth's law enforcement team, but she feels less in control than ever. A twisted doctor bent on revenge is blackmailing her with a deadly threat. If Riley's to survive, she must follow his orders, and break a dangerous prisoner out of jail. To save her own skin, Riley must go against all her beliefs, and break every law that she's just

sworn to protect. Riley's mission will get even tougher when all sectors are thrown into lock-down. A lethal virus has begun to spread through Outer Earth, and it seems little can stop it. If Riley doesn't live long enough to help to find a cure, then the last members of the human race will perish along with her. The future of humanity hangs in the balance. And time is running out.

Ex-cop Fred Carver investigates a death at a Florida funeral home whose residents don't always die of natural causes Retirement is a word that has always frightened Fred Carver. One of Orlando's finest, he retired early—when a criminal's bullet shattered his kneecap and made him unfit for beat work. Since then he hasn't been able to relax, and fills his days and nights investigating cases the local police aren't willing to touch. Now one of those cops has come to him with a problem that only a private detective can solve. It takes Fred into the heart of Florida's retirement community: a spacious estate called Sunhaven where the elderly can finish their lives in luxury. But it seems that some of them are dying before their time. When the residents speak of murder, are they telling the truth, or are they simply confused? Unraveling the mystery will take Fred Carver into a place where death is seldom the result of natural causes. This ebook features an illustrated biography of John Lutz including rare photos and never-before-seen documents from the author's personal collection.
