I have taken and taught many adult learning classes over the years, and have experienced and developed many course materials as

well. I found your approach to the topic and the study materials to be the BEST I have ever experienced. The class, instructor, and materials flowed in such a way that prepared me very well for the exam.

PM Learning Solutions Working Together: To support families, communities, and teachers in realizing the goals of the Colorado Academic Standards (CAS), this guide provides an overview of the learning expectations for 2nd Grade. This guide offers some learning experiences students may engage in at school that may also be supported at home. Why Standards?

Young students, for example, might notice that three and seven more is the same amount as seven and three more, or they may sort a collection of shapes according to how many sides the shapes have. Later, students will see  $7 \times 8$  equals the well remembered  $7 \times 5 + 7 \times 3$ , in preparation for learning about the distributive property.
