Irresistible Force Darius Carsington is a spectacularly handsome rake with a rare intelligence and no heart, a man who divides his time between bedding loose-moraled women and writing scholarly papers. He finds society's "perfect darlings" exceedingly boring. But there's something intriguing, and not quite perfect, about faultless Lady Charlotte Hayward. He senses a crack under her polished surface, and finding it is a challenge he can't resist. Immovable Object Lady Charlotte is so beautiful, charming, and gracious that no one has noticed what an expert she is at Not

Getting Married. Early on, she learned a painful lesson about trust . . . and temptation. In the years since, she's devoted her life to being all she ought to be—and she's not about to let a man like Carsington entice her to do everything she shouldn't. A Splendid Collision But the rules of attraction can easily overpower the rules of manners and morals, and sometimes even the best-behaved girl has to follow her instincts, even if it means risking it all.

In Lucia's Eyes Abrams

An early novel from the great rediscovered Hungarian writer Sándor Márai, *The Rebels* is a haunting story of a group of alienated boys on the cusp of adult life—and possibly death—during World War I. It is the summer of 1918, and four boys approaching graduation are living in a ghost town bereft of fathers, uncles, and older brothers, who are off fighting at the front. The boys know they will very soon be sent to join their elders, and in their final weeks of freedom they begin acting out their frustrations and fears in a series of subversive games and petty thefts. But when they attract the attention of a stranger in town—an actor with a traveling theater company—their games,

and their lives, begin to move in a direction they could not have predicted and cannot control, and one that reveals them to be strangers to one another. Resisting and defying adulthood, they find themselves still subject to its baffling power even in their attempted rebellion.

The White Hotel Delphi Classics
Illuminating the legend that Giacomo Casanova singlehandedly created in his famous – and at times infamous – autobiography, *The History of My Life*, this book provides a timely reassessment of Casanova's role and importance as an author of the European Enlightenment. From the margins of libertine authorship where he has been traditionally relegated, the various essays in this collection reposition Casanova at the heart of Enlightenment debates on medicine, sociability, gender, and writing. Based on new scholarship, this reappraisal of

a key Enlightenment figure explores the period's fascination with ethnography, its scientific societies, and its understanding of gender, medicine, and women. Casanova is here finally granted his rightful place in cultural and literary history, a place which explains his enduring yet controversial reputation as a figure of seduction and adventure.

It is midnight, October 31st 1758 and Giacomo Casanova has escaped from a Venetian prison after sixteen months consigned to darkness and the underworld. Shaking off the enforced solitude, Casanova makes his way to Bolzano - the small village where he was dealt a cruel hand. A place full of memories, Bolzano was the scene of a moonlit duel fought with the Duke of Parma - when Casanova and he were both in pursuit of the beguiling Francesca. The quest was lost and Casanova was left with three scars above his

heart and one option: he could live, but only on the condition he never saw Francesca again. But now Casanova is back having secured a loan from an old friend, and is determined to win this time - whilst the Duke has an offer Casanova simply cannot refuse and that just might spell his undoing. Just as *Embers* is an extraordinary story of friendship, fidelity and pride, *Conversations in Bolzano* is a glorious novel about the meaning of love, betrayal, possession and the consequences of following desire at any cost.

Siege 13 Hachette UK

From the winner of the 2015 Man Booker International Prize A powerful, surreal novel, in the tradition of Gogol, about the chaotic events surrounding the arrival of a circus in a small Hungarian town. The Melancholy of Resistance, László Krasznahorkai's magisterial, surreal novel, depicts a chain of mysterious events in a small Hungarian town. A circus, promising to display the stuffed body of the largest whale in the world, arrives in the dead of winter, prompting bizarre rumors. Word spreads that the circus folk have a sinister purpose in mind, and the frightened citizens cling to any

manifestation of order they can find music, cosmology, fascism. The novel's characters are unforgettable: the evil Mrs. Eszter, plotting her takeover of the town; her weakling husband; and Valuska, our hapless hero with his head in the clouds, who is the tender center of the book, the only pure and noble soul to be found. Compact, powerful and intense, The Melancholy of Resistance, as its enormously gifted translator George Szirtes puts it, "is a slow lava flow of narrative, a vast black river of type." And yet, miraculously, the novel, in the words of The Guardian, "lifts the reader along in lunar leaps and bounds." The Rebels Vintage

Readers everywhere were introduced to the

work of Irène Némirovsky through the publication of her long-lost masterpiece, *Suite Française*. But *Suite Française* was only the coda to the brief yet remarkably prolific career of this nearly forgotten, magnificent novelist. Here in one volume are four of Némirovsky's other novels—all of them newly translated by the award-winning Sandra Smith, and all, except *DAVID GOLDER*, available in English for the first time. *DAVID GOLDER* is the novel that established Némirovsky's reputation in France in 1929 when she was twenty-six. It is a novel about greed and loneliness, the story of a self-made business man, once wealthy, now suffering a breakdown as he nears the lonely end of his life. *THE COURILOF AFFAIR* tells the story of a Russian revolutionary living out his last days—and his recollections of his first infamous assassination. Also included are two short, gemlike novels: *THE BALL*, a pointed exploration of adolescence and the obsession

with status among the bourgeoisie; and *SNOW IN AUTUMN*, an evocative tale of White Russian émigrés in Paris after the Russian Revolution. Introduced by celebrated novelist Claire Messud, this collection of four spellbinding novels offers the same storytelling mastery, powerful clarity of language, and empathic grasp of human behavior that would give shape to *Suite Française*.

Conversations in Bolzano Turtleback "The entire town is disguised," declared a French tourist of eighteenth-century Venice. And, indeed, maskers of all ranks—nobles, clergy, imposters, seducers, con men—could be found mixing at every level of Venetian society. Even a pious nun donned a mask and male attire for her liaison with the libertine Casanova. In *Venice Incognito*, James H. Johnson offers a spirited analysis of masking in this carnival-loving city. He draws on a wealth of material to explore the world view of maskers, both during and outside of carnival, and reconstructs their logic: covering the face in public was a uniquely Venetian response to

one of the most rigid class hierarchies in European history. This vivid account goes beyond common views that masking was about forgetting the past and minding the muse of pleasure to offer fresh insight into the historical construction of identity.

Conversations in Bolzano Bookbaby

"The discipline of comparative literature has long sought to develop effective theories and methods of broad-based study, but ideas based on national canons in a handful of Western European countries no longer seem adequate even for the study of national literatures themselves. Comparing the Literatures integrates comparative, postcolonial, and world-literary perspectives and seeks common ground. Looking both at institutional forces and at key episodes in the life and work of comparatists who have

struggled to define and to redefine the fundamental terms of literary analysis, from language to literature to theory to comparison itself, Damrosch offers a comprehensive overview of the history and current prospects of comparative studies in a globalizing world"--

Memoir of Hungary Simon and Schuster

It is 1900, give or take a few years. The Vajkays—call them Mother and Father—live in Sárszeg, a dead-end burg in the provincial heart of the Austro-Hungarian Empire. Father retired some years ago to devote his days to genealogical research and quaint questions of heraldry. Mother keeps house. Both are utterly enthralled with their daughter, Skylark. Unintelligent, unimaginative, unattractive, and unmarried, Skylark cooks and sews for her

parents and anchors the unremitting tedium of their lives. Now Skylark is going away, for one week only, it's true, but a week that yawns endlessly for her parents. What will they do? Before they know it, they are eating at restaurants, reconnecting with old friends, attending the theater. And this is just a prelude to Father's night out at the Panther Club, about which the less said the better. Drunk, in the light of dawn Father surprises himself and Mother with his true, buried, unspeakable feelings about Skylark. Then, Skylark is back. Is there a world beyond the daily grind and life's creeping disappointments? Kosztolányi's crystalline prose, perfect comic timing, and profound human sympathy conjure up a tantalizing beauty that lies on the far side of the irredeemably ordinary. To that extent, Skylark is nothing less than a magical book.

Embers, Volume 1 New York Review of Books

A rediscovered masterwork from famed Hungarian novelist Sándor Márai, *Portraits of a Marriage* tracks the lifelong entanglement of a man and two women haunted by class differences and misdirected longings. Peter and Ilonka are a wealthy couple whose outwardly perfect marriage is undone by secrets. The insecure Ilonka believes she can never be elegant and refined enough for her husband, while Peter has long been tormented by his forbidden love for Judit, a peasant and servant in his childhood home. What Judit longs for most, however, is freedom from the constraints of the society that has ensnared all three in a vortex of love and loss. Set against the backdrop of

Hungary between the wars, in a world on the verge of dramatic change, this exquisite novel offers further posthumous evidence of Marai's brilliance. Translated from the Hungarian by George Szirtes

What exactly is goodness? Where is it found in the literary imagination? Toni

Morrison, one of American letters' greatest voices, pondered these perplexing questions in her celebrated Ingersoll Lecture, delivered at Harvard University in 2012 and published now for the first time. Perhaps because it is overshadowed by the more easily defined evil, goodness often escapes our attention. Recalling many literary examples, from Ahab to Coetzee's Michael K, Morrison seeks the essence of goodness and ponders its significant place in her writing. She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying. In a lively interview conducted for this book, Morrison further elaborates on her lecture's ideas, discussing goodness not only in literature but in society and

history—particularly black history, which has memorable characters such as Sula, responded to centuries of brutality with profound creativity. Morrison's essay is followed by a series of responses by scholars in the fields of religion, ethics, history, and literature to her thoughts on goodness and evil, mercy and love, racism and self-destruction, language and liberation, together with close examination of literary and theoretical expressions from her works. Each of these contributions, written by a scholar of religion, considers the legacy of slavery and how it continues to shape our memories, our complicities, our outcries, our lives, our communities, our literature, and our faith. In addition, the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many Beloved, or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit.
