CLICK HERE to download a sample from Washington Scrambles Scrambles are for people who need to be on a mountain top, but don't need a rope to get there! • An out-of-print guidebook completely redone and brought back by reader demand • 80 challenging, but non-technical, ascents in Washington, plus 5 traverses Alpine scrambling is a form of nontechnical mountaineering that falls somewhere between high altitude hiking and rock climbing. Ropes and other aids typically are not needed. This new, fully revised second edition features 85 routes, including 25 all-new scrambles not in the first edition, as well

as a new chapter covering five high-alpine traverses in the North Cascades. All routes are displayed on maps, many of which indicate alternative routes to the primary way up. Keep stats? Then you'll also appreciate the all-new "scramble statistics" table.  
[Backpacking Washington](#) The Mountaineers Books  
The only climbing guide devoted to Washington's Olympic National Park--now completely updated and expanded with more than thirty percent additional new material.  
**Stevens Pass** Wilderness Press  
Key to exploring these challenging peaks is this classic climber's guide to the Olympics. Here are detailed route descriptions

---

for the hard basalt lava peaks of Constance and The Brothers, the high-angle faces of The Needles and Sawtooth Ridge, the hard sandstone and vast glaciers of Mt. Olympus, and hundreds of other mountains large and small. The text also provides general information on the mountains and all access routes, plus winter travel information, ski and snowshoe routes, and high alpine traverses.

Comprehensive climbing approach, route guides to Washington's

**Cascades.**

**Range of Glaciers** Mountaineers Books

The comprehensive guide to the place that brought sport climbing to North America—a full-color, thoroughly updated new edition Smith Rock State Park. It was on the impressive crags of this Oregon hideaway that American sport climbing came into its own, and to this day, some of the hardest climbs in the United States are found on these walls. Alan Watts, who has played a leading role in the development of this popular rock-climbing destination, details more than 1,700 routes at Smith Rock and the surrounding area. This new edition updates hundreds of routes, includes hundreds of new ones, and has new photos of each crag, wall, and route. No other guide is as comprehensive or thorough, and no author more respected for his intimate knowledge of one of the world's most popular climbing destinations.

## **Fred Beckey's 100 Favorite North American Climbs** Random House Value Publishing

The godfather of North Cascades climbing updates the third of his seminal guides to this wild range. Included are 10 new topos, updated maps, over 100 photographs (75 with route overlays), route information and driving directions. Hikers, scramblers, serious climbers and Northwest rescue organizations, alike, have relied on Fred Beckey's Cascade Alpine Guides for decades to lead them through this wild mountain range. In addition to their comprehensiveness, the books provide a rare combination of aerial photos with route overlays, three-dimensional illustrated maps and climbing topos. The section of the North Cascades covered in this volume is roughly a pie-shaped area bounded by Hwy 97 and the Columbia River to the east, Lake Chelan to the west, and Hwy 20 to the north. Except for glaciers and some year-round snow fields, it's

mostly dry, lonesome, open country, with beautiful granite spires jutting to the sky.

## **Selected Climbs in the Cascades** Mountaineers Books

\* A classic of mountaineering literature \*  
Beckey's name is synonymous with mountaineering in Alaska, Canada and the western US \* Peppered with personal anecdotes and unique photographs This biography of Alaska's Mount McKinley presents a complete history of one of the world's great mountains. Author and famed mountaineer Fred Beckey starts with McKinley's geology and covers early human history, from native associations with Denali to the influx of Russian fur traders and American prospectors. The mountaineering history of McKinley follows, with a look at the gold seekers and

---

surveyors who were among the first to map the region. Beckey examines the efforts of those who raced to be first on McKinley's summit and details the first complete ascent by Hudson Stuck in 1913. The chronology continues with profiles of notable summit attempts, including those of the author himself. Also included is information about the challenges and logistics of climbing Mount McKinley, with information on planning, permits, suggested routes, and what to expect. Personal anecdotes and previously unpublished photographs make this volume a must-have for historians and climbers everywhere.

*Fred Beckey's 100 Favorite North American Climbs* Mountaineers Books

Classic Cascade Climbs features more than 100 climbing routes across 70-plus peaks--from renowned alpine routes to

challenging trad climbs, as well as a handful of sport, ice, and crag options. To determine if it was a "classic" each route was judged on the following criteria: overall quality, popularity, accessibility, style, and historical importance. Climbing beta includes: Peak and prominence elevations and type of rock Grade, approach, route, descent descriptions Detailed photo-based route overlays and topo maps Pitch-by-pitch details, estimated time, recommended equipment Required permits and other special considerations Selected history including first ascents Authoritative and inspirational, this seminal guide also features stunning mountain photography by famed photographer John Scurlock and others.

## **Olympic Mountains** Mountaineers Books

You don't have to be a rock star to top out on these routes--and you can fit them in anytime you have a day or two free. More than 300 trad and sport climbs from 5.0 to 5.10a.

*Hiking the Allegheny National Forest* The Mountaineers Books

Many of the most accomplished U.S. alpinists have learned their skills on Mount Rainier. And many of the rest of us dream of one day standing on its majestic summit. Whether you're one of these dreamers or an aspiring pro, you need *Mount Rainier: A Climbing Guide*, written by Mike Gauthier, the park's former Lead Climbing Ranger. This new edition is a major upgrade of the bestselling guidebook, which remains a

standard for other climbing guides. New features include an expanded section on glaciers, including how to understand and surmount them, as well as new information on search-and-rescue and additional historical details throughout. Gauthier has also added beta on all major ski routes, as this sport has become a favorite on the mountain.

## *Cascade Alpine Guide* Mountaineers Books

The long-awaited revision of Fred Beckey's comprehensive and indispensable climbing guide is here at last. The first volume in the classic *Cascade Alpine Guide* series, *Columbia River to Stevens Pass* features expert information on more than 300 climbing

---

and high routes, including Mount Rainier. Here you'll find geographical, historical, and geological overviews of the majestic North Cascades region, plus important tips on safety and backcountry usage and enough technical and grade information to make clear exactly what type of route you are embarking upon. The new, third edition is thoroughly revised and updated with new maps and photos, plus all the most recent resource materials. Without a doubt, this exhaustive resource should be a staple in every serious mountaineer's collection.

### **Mountains of North America**

Mountaineers Books

The Cascade volcanoes dominate the

landscape in the Pacific Northwest. Best Climbs Cascade Volcanoes showcases the best routes on eighteen of these incredible mountains, from gentle glacier routes suitable for novice climbers to steep, classic mountain faces that will challenge the seasoned expert. ### Rainy Pass to Fraser River The Mountaineers Books

The voices, most of them from first-person narratives, range from wonder at the magnificence of the terrain, through frustration with the rigors of its harsh conditions, to the often humorous and sometimes tragic anecdotes of daily life in

---

what was still mostly unexplored wilderness."

**Rock Climbing Smith Rock State Park** The Mountaineers Books

Now in full color! Features 136 hikes, with a deep dive into the Lake Chelan and Stehekin areas 1% of sales donated to the Washington Trails Association for trail maintenance With some of the largest tracts of wilderness to be found in the Pacific Northwest, the Central Cascades are packed with wildlife, geological diversity, and opportunity for adventure. Using US Highway 2 as its primary organizing principle, this second edition of Day Hiking Central Cascades focuses on the best day hikes to be found between the Sultan Basin and Wenatchee, and around Blewett Pass, Chelan, and the Stehekin and Entiat River Valleys. In this fully updated guide, best-selling author Craig Romano covers everything from leisurely strolls close to town to all-day treks

(with overnight backpacking options) deep into the Alpine Lakes, Glacier Peak, Henry M. Jackson, and Wild Sky Wilderness Areas. Scenery, destinations, and highlights vary too--included are hikes along rivers; to lakes, mountain tops, and fire lookouts; and through old-growth forests or alpine meadows. There are hikes that are well known and popular, hikes that are a bit more obscure and remote, and hikes that are perfect to explore with kids or dogs. Romano has selected his favorite trails for escaping crowds, spotting wildlife, and getting the best bang for your boot.
