Sessional Papers Cambridge University Press  
Investigates charges that psychological testing of civil servants by Federal departments and agencies invades their right of privacy.  
Monthly Catalog of United States Government Publications Copyright Office, Library of Congress  
What is the state? The State of Freedom offers an important new take on this classic question by exploring what exactly the state did and how it worked. Patrick Joyce asks us to re-examine the ordinary things of the British state from dusty government files and post offices to well-thumbed primers in ancient Greek and Latin and the classrooms and dormitories of public schools and Oxbridge colleges. This is also a history of the 'who' and the 'where' of the state, of the people who ran the state, the government offices they sat in and the college halls they dined in. Patrick Joyce argues that only by considering these things, people and places can we really understand the nature of the modern state. This is both a pioneering new approach to political history in which social and material factors are centre stage, and a highly original history of modern Britain.

Documenting multiple aspects of slavery and its development in North America, this collection provides more than one hundred excerpts from personal accounts, songs, legal documents, diaries, letters, and other written sources. The book assembles a remarkable portrayal of the day-to-day connections between, and among, slaves and their owners across more than two centuries of subjugation and resistance, despair and hope. Beginning with a chronicle of the origins of slavery in the British colonies of North America, the collection traces the growth of the system to the antebellum period and includes accounts of slave revolts, auctions, slave travel and laws, and family life. Intimate as well as comprehensive, the documents reveal the individual views, goals, and lives of slaves and their masters, making this engaging work one of the most respected catalogs of firsthand information about slavery in North America.
