In the first biography of Joan Crawford to give the full, uncensored story, bestselling author David Bret tells Crawford's rags to riches climb, from working in a Kansas City laundry to collecting an Oscar for her defining role in *Mildred Pierce*, and on to her devotion to Christian Science and reliance on vodka. He discusses the star's legendary relationship with Clark Gable, her countless love affairs, her marriages -- three of them to gay men -- and her obsession with rough sex. Bret divulges what really happened that led her to disinherit two of her four children, earning her the nickname "Mommie Dearest," as well as how her loathed mother forced Crawford to work as a prostitute, appear in pornographic films, and sleep her way to the top. Bret analyzes Crawford's films, many of which were constructed purely as vehicles where actress and character were often indistinguishable. Overtly generous towards her coterie of gay friends, she was heartless towards her enemies, particularly Bette Davis, her co-star in *Whatever Happened to Baby Jane*, with whom she shared a lifelong feud. Drawing on a wealth of unpublished material and interviews, David Bret presents a unique, fascinating portrait of a single-minded, uncompromising woman.

Characterized by a surge in biodiversity and evolutionary development, the Paleozoic Era ushered in the beginnings of life as we know it. Within these pages, readers will discover the fossil and geologic evidence from this time that reveals a dynamic planet, where new species of plants and animals were constantly emerging and continents were breaking apart and reforming. While many of the species from this era are now extinct and the continents are relatively stable, remnants of this era still continue to shed much-needed light on the conditions of Earth, both past and present.

Dargent, a career diplomat from the ocean cities of a future Earth, is skilled at manufacturing consent. He's also the last, best hope for a far-flung planet in turmoil! Arican's global elites have called on Earth's help -- tribes of technology-shunning rebels are wreaking havoc throughout the planet. But when Dargent and his crew descend upon Arican, their mission becomes one of survival against unrelenting chaos. Forced to descend deeper into the darkness of tribal violence and unknown terrain, Dargent must struggle to maintain some semblance of humanity -- while doing all he can to help his new tribemates and his ex-girlfriend (who's adjusting to their new-found lack of neuro-regulation by Earth's elites). There's also a little matter regarding a PKD-head and its revolutionary potential, as well as Dargent's estranged daughter, Justine.... Arican's fate rests with Dargent, and soon will Earth's!
