LETTERS FROM ATLANTIS FROM ROBERT SILVERBERG THREE-TIME WINNER OF THE HUGO AWARD AND FIVE-TIME WINNER OF THE NEBULA AWARD It was a legendary island, a fantastic island. Atlantis, or as its prince called it, Athilan. Roy had traveled through time with his partner, Lora, to find it—and now he was tantalizingly close to its shore. Time travel allowed Roy's consciousness to enter the mind of the heir to Atlantis's throne, and what he found disturbed him. Strange dreams. How could such an advanced city exist at this time? The rest of the world was, as Lora witnessed in her travels, a dark, barbaric land still thawing from the ice age. Roy had been prepared for the odd isolation of time travel, but nothing had prepared him for his final arrival on Atlantis—a shimmering city far beyond his imagination! Roy knew this island's fate. According to legend, it would vanish into the sea. Roy also knew he had a limited amount of time to decipher the strange message in the Prince's mind—visions of cataclysmic events, mysterious rites to a faraway star. If Roy was in an Atlantis unlike anything the researchers had predicted, then what were its secrets? And when would it be destroyed?

Posthumous and Fugitive Poems is a collection of poems by the English Romantic poet, John Keats. He was one of the main figures of the second generation of Romantic poets along with Lord Byron and Percy Bysshe Shelley, despite his work having been in publication for only four years before his death. Although his poems were not generally well received by critics during his life, his reputation grew after his death, so that by the end of the 19th century, he had become one of the most beloved of all English poets. He had a significant influence on a diverse range of poets and writers. Jorge Luis Borges stated that his first encounter with Keats was the most significant literary experience of his life. The poetry of Keats is characterised by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analysed in English literature.
