The Secret of Life Penguin Steal the Stars, a debut novel by Nat Cassidy, is based on the science fiction podcast from Tor Labs, written by Mac Rogers. Dakota “Dak” Prentiss guards the biggest secret in the world. They call it “Moss.” It’s your standard grey alien from innumerable abduction stories. It still sits at the controls of the spaceship it crash-landed eleven years ago. A secret military base was built around the crash site to study both Moss and the dangerous technology it brought to Earth. The day Matt Salem joins her security team, Dak’s whole world changes. It’s love at first sight—which is a problem, since they both signed ironclad contracts vowing not to fraternize with other military personnel. If they run, they’ll be hunted for what they know. Dak and Matt have only way to be together: do the impossible. Steal Moss and sell the secret of its existence. And they can’t afford a single mistake.

“ A historical, feminist romance . . . a realistic evocation of small-town America circa 1917, including its racial tensions. ” —*Milwaukee Journal Sentinel*, “ 96 Books for Your Summer

Reading List ” Marian Elliot Adams, an outspoken advocate for sensible undergarments for women, sweeps onto the Chautauqua stage under a brown canvas tent on a sweltering August night in 1917, and shocks the gathered town of Emporia with her speech: How can women compete with men in the workplace and in life if they are confined by their undergarments? The crowd is further appalled when Marian falls off the stage and sprains her ankle, and is forced to remain among them for a week. As the week passes, she throws into turmoil the town ’ s unspoken rules governing social order, women, and African Americans—and captures the heart of Emporia ’ s recently widowed newspaper editor. She pushes Deuce Garland to become a greater, braver, and more dynamic man than he ever imagined was possible. As Deuce puts his livelihood and reputation on the line at home,

Marian's journey takes her to the frozen mud of France's Picardy region, just beyond the lines, to help destitute villagers as the Great War rages on. Marian is a powerful catalyst that forces nineteenth-century Emporia into the twentieth century; but while she agitates for enlightenment and justice, she has little time to consider her own motives and her extreme loneliness. Marian, in the end, must decide if she has the courage to face small-town life, and be known, or continue to be a stranger always passing through. Though she might not always follow her own advice, Elizabeth Wurtzel knows certain things to be true: Doing copious amounts of drugs leads nowhere you want to be; trying to be friends with your ex is always a bad idea; if you can't afford to hire a mover, you can't afford to move; and always doing the best you can is always good enough. Here are Wurtzel's succinct and clever rules for living your best life. Fulfillment is within everyone's reach. Grasping it takes enjoying your mistakes, being strong, and having opinions. Today's woman should:

- Be Gorgeous. Make the absolute most of what you've got.

Believe that you are gorgeous, and you will be. It's the only trick that really works.

-

Embrace Fanaticism. Harness joie de vivre by pursuing insane interests, consuming passions, and constant sources of gratification that do not depend on the approval of others.

- Use All Available Resources. Let the M.D.s and the Ph.D.s help you solve your problems so that you don't become everyone else's problem.
- Never Clear the Table at a Dinner Party Unless the Men Get Up to Help First. Cleanup should not be gendered. Change the world, one dinner table at a time. Hold a sit-in. One of the fiercest, funniest, and best-known essayists of her generation, Elizabeth Wurtzel infuses this modest gem of a rule book with a sharp wit and a real candor.

The *The Secret of Eveline*
House Akashic Books

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious

jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. *The Secret* is a field guide to them all. Many "armchair treasure hunt" books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams.

Masquerade promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in

Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.
