we have same problem here with our 3116 cat engine !! the problem was with the injectors !! we bought new injectors all 6 of it !! together with the rings !! and a seating tool !! the injectors should be properly installed to avoid problem !! cat seating toll CAT # 173-1530

The Cat 3116 Engine. Know Your Engine. Facts, Engine Design, Design Info, And Common Failures.

The Caterpillar 3116 is a turbocharged diesel engine used for marine propulsion. It can be used alone or in tandem to power boats and is compatible with a number of different Caterpillar marine transmissions that can provide faster or slower acceleration depending on a vessel's intended use.

**Caterpillar 3116 is a bad Engine? | Steelsoldiers**

I know of at least 4 trucks 98,99, and two 2000 models that have the same problem my first engine broke a valve a 298000 miles overhead is always ran at or below 100,000 miles and all other maintenance is done at or before cat specs. frankly I think the 3126 is the biggest piece-o-#### ever produced for a commercial truck, wish I had a cummins but to get back to it I am looking for people with ...

**Cat 3116 Engine Reviews**

The 3116 is a mechanically injected motor that is pretty problem prone. The 3126 is a bit more reliable but injector o-rings are a common problem. they can be tuned up on the dyno by a cat dealer for a few bucks out of warranty.

Here's what David Pascoe has to say about the Cat 3116 in his book Mid-Sized Power Boats: "Cat 3116: Making its appearance in 1988, the 3116 is no longer offered as a marine engine. The engine was fraught with serious valve train and cooling system problems about which Caterpillar did less than a commendable job on living up to their warranties.

**Differance in cat 3116 and 3126?? | Heavy Equipment Forums**

the 3116 and 3126 cats are ok but they have some serious drawbacks. First they are parent bore engines which makes them either not rebuildable or a huge pain if you can find a shop to do it. The second is they are unit injectors that are a pain to set timing and or diagnose an air leak if one comes up or change an injector.

**3126 cat | Expedite Trucking Forums**

Caterpillar upgraded the oil cooler gaskets because they all leak. They also changed the high pressure oil line design a few times, also leaked. I've rebuilt a bunch of the 3116 and 3126 engines. Make sure you use anti seize on all bolts, especially the front cover. It was a good engine.

**Cat 3116 Engine problems - Trawler Forum**

I ran the truck hard for 2 years and never had any trouble. Changed oil every 4000 miles. I have since bought a flatbed dump with the 3116, and am currently looking at a grapple/dump with the 3116 engine. I think the 3116/3126 engines are fine, but possible need better/more frequent routine service

---

than a DT466.

CAT 3116 Remanufactured, Rebuilt and Used Engines For Sale. Capital Reman Exchange is a nationally recognized remanufacturer of the Caterpillar 3116. We love building this engine because of the uncomplicated nature of internal parts including the camshaft, cylinder heads and crankshaft design.

### **Caterpillar 3116 Remanufactured Engine For Sale - Capital ...**

I am looking to buy a 1984 Egg Harbor with 2 - Cat 3116 TA 300 hp engines He has all documented maintenance and has said they have been well cared for My concern is they have 5000 hrs on them, he says the boat was a charter and most of the hours was trolling hrs What do you think? They should have plenty of life left OR should I run away Thoughts

Id take a dt466 or a 8.3 cummins any day to a cat 3116 or 3126 1996 Gmc k2500 4x4 6.5 turbo diesel, with mods Blew the head gasket, put all new heads, valves, injectors gaskets etc on the truck only to get it together and find out it had no oil pressure, and sounded horrible (pry a spun bearing).
