The C7.1 is an ideal replacement for a Cat 3208 engine. If you repower the 3208 at 435 bhp @ 2800 RPM with the C7.1 500 bhp @ 2900 RPM, you can achieve 15% more power with 18% lower weight. This will translate into higher top end speed and significantly better holeshot performance, but with comparable fuel consumption.
