There is growing interest in the
use of Neuro Linguistic
Programming (NLP) as a
Qualitative Market Research
technique. NLP was previously
used in psychology to understand
how people think and react, and as
a tool in self-development,

interpersonal skills and business,
looking at how our brains think and
experience the world. Qualitative
Market research experts now see
that using NLP can help the
researchers understand the human
brain and, armed with this power,
they can find out the truth from
interviewees. The Hidden Art of
Interviewing People shows how, by
using NLP and related techniques in
interviews, the market researcher
can see beyond the obvious to the
truth.
