In Dahlia Adler's Home Field Advantage, a sweet and funny f/f romance from the author of Cool for the Summer, a cheerleader and the school's newest quarterback are playing to win, but might lose their hearts in the process. Amber McCloud's dream is to become cheer

captain at the end of the year, but it's an extra-tall order to be joyful and spirited when the quarterback of your team has been killed in a car accident. For both the team and the squad, watching Robbie get replaced by newcomer Jack Walsh is brutal. And when it turns out Jack is actually short for Jaclyn, all hell breaks loose. The players refuse to be led by a girl, the cheerleaders are mad about the changes to their traditions, and the fact that Robbie's been not only replaced but outshined by a QB

who wears a sports bra has more than a few Atherton Alligators in a rage. Amber tries for some semblance of unity, but it quickly becomes clear that she's only got a future on the squad and with her friends if she helps them take Jack down. Just one problem: Amber and Jack are falling for each other, and if Amber can't stand up for Jack and figure out how to get everyone to fall in line, her dream may come at the cost of her heart. Dahlia Adler's *Home Field Advantage* is a sparkling romance about fighting for what - or who - you truly want.

Jessie Stephens Elodie Cheesman's joyous debut is a modern take on the age-old decision between following your head or your heart in the search for love. There's an algorithm for everything else, so why not love? When 24-year-old lawyer Romy learns that she is at her 'optimal stopping point' (the mathematically designated point at which one should select the next 'best person' who comes along in order to have the best chance at happily ever after), she knows it's time to get serious about

her love life. Ruthlessly rational, with a belief in data over destiny, Romy knows that reliability and consistency are dependable options, while passion and lust are transitory and only bring pain and disillusionment. That's why sensible Hans the engineer is the right choice, as opposed to graphic designer James who exhibits the kind of behaviour that has got her into trouble before. Isn't he?
