"The England team that touched down in Russia for the 2018 World Cup was a new look outfit: there were no real stars, no overblown egos and no dickheads. With fans still reeling from the wincing exit in Iceland to the 2016 Euros, expectations were at an all-time low. Qualification had been smooth if not spectacular and pundit and fans alike were lukewarm about the team's chances. Just avoiding embarrassment would have been counted as some kind of success. As the tournament kicked off, a stunningly stage-managed occasion by Putin and his cronies at FIFA, we all took a deep breath and waited for the inevitable: technical ineptitude and crap penalties. ..."--Back cover

On a desolate road in the Oregon high desert, an apprentice mortician stumbles upon a horrific car crash--and into a vortex of treachery, long-buried secrets, and growing menace. Melisende Dulac is a fish out of water after relocating from the East Coast to a small community in the Oregon high desert. But just as she's beginning to think of Barlow County as home, her life takes an ominous turn when she comes upon a grisly multiple car wreck and three shattered bodies on an isolated road outside of town. Near the scene, Melisende trips over a fourth body, that of a newborn girl lying a physics-defying distance from the wreckage. There is no one to claim the infant, nor a clear indication she was even part of the accident. The crash offers plenty of opportunities for an apprentice mortician--but when the victims' bodies are stolen from her family's mortuary, Melisende is branded suspect number one. Then, Portland lawyer Kendrick Pride arrives on the scene on behalf of one of the victim's families--or so he says--and Melisende begins to see that there's much more to this enigmatic figure than meets the eye. As the shadows gather and the mystery deepens, Melisende must race to find the truth--or be swallowed by the darkness.

The League "will keep sports fans reading " when all one boy wants is to play in a summer football league even though it's the roughest and most secretive rogue league in town (Kirkus Reviews). And don't miss

Thatcher Heldring's newest novel, *The Football Girl*--about a girl who follows her passion for the game and tries out for the football team! Two teams. One summer. No rules. Wyatt Parker is tired of getting picked on by bullies and ignored by girls. He hopes playing football will toughen him up and impress his next-door neighbor Evan, who has her eye on the town's star quarterback. His older brother, Aaron has an even better idea: if Wyatt ditches the lame golf camp his parents signed him up for, he can play with Aaron in the League of Pain, the roughest and most secretive rogue football league in town. Now Wyatt has a choice. He can play by the rules like he always does, or he can steal back his neighbor, accept the penalties of the game, and have the winning summer he's been waiting for all year. "With its focus on bullying, a first crush, changing friendships, and coming of age, this book is a solid choice for reluctant readers who also happen to love football." – SLJ "Heldring's latest novel conveys well the allure of contact sports, particularly tackle football, and the appeal of evasive tactics, particularly lying to your parents." – Booklist "Wyatt is a strong, multidimensional character, and the tension is palpable as he strives to keep his secret. Secondary characters are varied if not very fully developed early in the book." – Kirkus Reviews

'A stunning romantic comedy ... fun, warm and perceptive' Jessie Stephens Elodie Cheesman's joyous debut is a modern take on the age-old decision between following your head or your heart in the search for love. There's an algorithm for everything else, so why not love? When 24-year-old lawyer Romy learns that she is at her 'optimal stopping point' (the mathematically designated point at which one should select the next 'best person' who comes along in order to have the best chance at happily ever after), she knows it's time to get serious about her love life. Ruthlessly rational, with a belief in data over destiny, Romy knows that reliability and consistency are dependable options, while passion and lust are transitory and only bring pain and disillusionment. That's why sensible Hans the engineer is the right choice, as opposed to graphic designer James who exhibits the kind of behaviour that has got her into trouble before. Isn't he?

This is a literary discussion of one-half of Zane Grey 's Westerns, selected to best show the broad scope of this popular author 's interests in the West. The text explains how these novels " work, " while pointing out Grey 's ecological concern for the

natural world—its vastness, color and beauty. Wild nature provides a powerful setting but is a determinant of action and of character too. The range of subjects encompasses not only cowboys but also prospectors, foresters and other frontiersmen, from the end of the Revolutionary War to the flapper era of the 1920s. World War I veterans, including an American Indian, are portrayed in several books, and women are colorful main protagonists in others, all uniquely characterized. Grey 's sure ear for dialogue is key to his vivid presentation of the ideals of the Old West.
