year-old George Washington Black—Wash—a field slave on a Barbados sugar plantation, is initially terrified

when he is chosen as the manservant of his master ’ s brother. To his surprise, however, the eccentric

Christopher Wilde turns out to be a naturalist, explorer, inventor, and abolitionist. Soon Wash is initiated into

a world where a flying machine can carry a man across the sky, where even a boy born in chains may embrace a life of dignity and meaning, and where two people, separated by an impossible divide, can begin to see each other as human. But when a man is killed and a bounty is placed on Wash ’ s head, they must abandon everything and flee together. Over the course of their travels, what brings Wash and Christopher together will tear them apart, propelling Wash ever farther across the globe in search of his true self. Spanning the Caribbean to the frozen Far North, London to Morocco, Washington Black is a story of self-invention and betrayal, of love

and redemption, and of a world destroyed and made whole again.

Clarity Come in from the Cold Martin Amis is one of the most gifted and innovative writers of our time. With Experience, he discloses a private life every bit as unique and fascinating as his bestselling novels. The son of the great comic novelist Kingsley Amis, Martin Amis explores his relationship with this father and writes about the various crises of Kingsley's life. He also examines the life and legacy of his cousin, Lucy Partington, who was abducted and murdered by one of Britain's most notorious serial

killers. Experience also deconstructs the changing literary scene, including Amis' portraits of Saul Bellow, Salman Rushdie, Allan Bloom, Philip Larkin, and Robert Graves, among others. Not since Nabokov's *Invitation of a Beheading* has such an implausible life been recorded by such an inimitable talent. Profound, witty, and ruthlessly honest, Experience is a literary event.
