CATFISH FARMING AS A BUSINESS This training manual is to serve as a guide intended to aid facilitators in delivering practical training to beneficiaries in pond culture of African catfish under the Western Region Coastal Foundation (WRCF) Catfish Farming: Complete Business Guide For Beginners Catfish farming or Fish farming in a broader sense consists of two major subdivisions, and hey could either be operated independently or as a joint process. The two forms are the nursery and the grow-

out pond operation.

The nursery operation is the basis for the grow-out operation and as such it cannot be operated without the nursery.

How to Start a
Catfish Farming
Business
This equipment
eliminates hand
feeding and it is quite
effective. The fish
feeder can only work
properly if the water
is mechanically
recycled. The reason
is because if the fish
feeder continues to
feed the fish while the
water is saturated and
dirty it can kill the
fish.

Farming Step 3 ...
Catfish Farming in Nigeria: **FISH FARMING MANUAL**
The manual is based on the practical field experience of Gertjan de Graaf and Johannes Janssen on the artificial reproduction and rearing of the African catfish within FAO field projects in the Central African Republic, The Republic of Congo, Kenya and Nigeria. The manual is divided into five major sections dealing with
Catfish Farming Manual
Pond Management in Catfish Farming:-Catfish can be raised in both new and old

ponds. However, raising of cattish in the old pond is better than new pond. In case of using new pond, fertilizers, cow dung and lime should be applied to make the pond soil fertile for proper growth of the catfish. If you are planning to use old pond, the pond should be dried and removed any old fish or weeds from the pond before stocking catfish.
